Pre-Machined With The Proper Lockup Angle; Pre-Fit & Gunsmith Fit

Less time-consuming fitting because the proper lockup angle is pre-machined right into the bushing. Pre-Fit requires only minor fitting for installation onto Colt factory barrels. Gunsmith Fit requires fitting of both dimensions.

Introduction

Thank you for choosing the 1911 ANGLE BORED BUSHING EGW WCPI S/S PREFIT BUSHING, GOVT. This guide provides essential safety information and instructions to ensure the safe use and installation of this product. Please read this guide carefully before using the bushing.

General Safety Guidelines

- Always ensure the firearm is unloaded before installing or handling the bushing.
- Use the bushing only with compatible Colt factory barrels.
- Inspect the bushing for any damage or defects before installation.
- Keep the bushing out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Potential Hazards:** Improper installation can lead to firearm malfunction or injury.
- **Avoiding Hazards:**
 - Ensure that you have the correct tools and skills for installation.
 - Follow all installation instructions carefully.
 - Do not force the bushing into place; this may cause damage.
 - If you are unsure about the installation process, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools: a bushing wrench, calipers, and any other required tools.
- Ensure your workspace is clean and free of distractions.

2. Installation:

- Confirm that the firearm is unloaded and pointed in a safe direction.
- Remove the existing bushing from the firearm, if applicable.
- For PreFit (P/F) installation:
 - Measure the O.D. and I.D. of the bushing to ensure compatibility.
 - Lightly sand or file the bushing if necessary for a snug fit.
- For Gunsmith Fit (G/F) installation:
 - Measure both dimensions (.702" O.D., .574" I.D.) for proper fitting.
 - Follow the fitting process as required by your specific firearm and bushing.

3. Usage:

- After installation, conduct a function check of the firearm to ensure proper operation.
- Store the firearm and bushing in a secure location when not in use.

Disposal Instructions

- Dispose of any damaged or unusable bushings in accordance with local regulations.
- Do not discard in regular household waste. Check for local hazardous waste disposal options.
