

# REMINGTON 700 LITE FIRING PIN & SPRING - GRE-TAN LONG ACTION FIRING PIN & SPRING

[Rifle Parts](#) > [Bolt Parts](#) > [Firing Pin Parts](#) > [Firing Pins](#)

## Decreased Weight & Reduced Lock Time

7075 aluminum shank with a heat-treated stainless steel pin decreases lock times by 36-38% compared to standard, steel firing pin. Long action firing pin is 328 grains (56% lighter than factory); short action weighs 289 grains (55% lighter than factory). Includes tight-fitting steel spring that won't rub inside the bolt body and reduces wear and binding.

## Attributes

- Name: [GRE-TAN LONG ACTION FIRING PIN & SPRING](#)
- Manufacturer: [GRE-TAN](#)
- Product no.: 309000006

# REMINGTON 700 LITE FIRING PIN & SPRING Safety Instructions

## Introduction

Thank you for choosing the REMINGTON 700 LITE FIRING PIN & SPRING by GRETAN. This product is designed to enhance the performance of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always handle firearms with care and treat every firearm as if it is loaded.
- Ensure that the firing pin and spring are compatible with your specific model of the Remington 700.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the firing pin and spring for wear or damage before each use.
- If you experience any malfunctions or issues, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Use only with appropriate ammunition as specified by the firearm manufacturer.
- Do not modify the firing pin or spring in any way, as this may compromise safety.
- Ensure that the firearm is pointed in a safe direction when installing or removing the firing pin.
- Wear safety glasses when handling the firing pin and spring to protect against potential debris.
- Avoid using excessive force when installing the firing pin to prevent damage to the firearm.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a safe condition.
- Gather necessary tools, including a screwdriver and cleaning cloth.

### 2. Installation:

- Remove the bolt from the firearm according to the manufacturer's instructions.
- Carefully remove the old firing pin and spring from the bolt assembly.
- Inspect the bolt body for any debris or obstructions and clean if necessary.
- Insert the new GRETAN firing pin into the bolt, ensuring it is seated correctly.
- Install the tightfitting steel spring, ensuring it does not rub against the bolt body.
- Reassemble the bolt and ensure it functions properly before reattaching to the firearm.

### 3. Usage:

- Once installed, test the firearm in a controlled environment to ensure proper function.
- Monitor the performance of the firing pin and spring during use, checking for any unusual signs of wear or malfunction.

## Disposal Instructions

- Dispose of any old or damaged firing pins and springs in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods for firearm parts.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the REMINGTON 700 LITE FIRING PIN & SPRING, please refer to the contact information provided on the packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your REMINGTON 700 LITE FIRING PIN & SPRING. Always prioritize safety and consult professionals when necessary. Thank you for your attention to these important guidelines.
