

SCRAPERS - JERRY FISHER LARGE FISHER SCRAPER

[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Stock Making Hand Tools](#) > [Wood Scrapers](#)

Used For Over 20 Years By One Of The Best

Famous stockmaker Jerry Fisher says: "In 20 years of stockmaking this is the best inletting scraper I have ever used, and I have tried a few. Just hold like a pencil and work from right to left, or left to right, depending on the direction of the wood grain." Precision-ground from tough alloy tool steel, sharpened and ready to use. Instructions included. Three tools, each with two different sized heads. Measurements given are cutting head sizes.

Safety Instruction Guide for SCRAPERS JERRY FISHER LARGE FISHER SCRAPER

Introduction

Thank you for choosing the SCRAPERS JERRY FISHER LARGE FISHER SCRAPER. This product is designed to provide highquality performance for stockmaking. To ensure your safety and the proper use of this tool, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the scraper in a welllit and stable work environment.
- Keep the scraper out of reach of children and unauthorized users.
- Inspect the scraper before each use. Do not use if damaged or worn.
- Use appropriate personal protective equipment (PPE), such as safety goggles and gloves.
- Ensure that the workpiece is securely clamped to prevent movement during use.
- Be aware of your surroundings and avoid distractions while using the scraper.

Specific Safety Precautions for Use

- Use the scraper only for its intended purpose: inletting wood.
- Hold the scraper securely, as instructed, to maintain control during use.
- Work with the grain of the wood to avoid splintering and reduce the risk of injury.
- Do not apply excessive force; let the sharpness of the tool do the work.
- Store the scraper in a safe place after use, preferably in its original packaging or a designated tool box.
- If you experience any discomfort or pain while using the scraper, stop immediately and reassess your technique.

Instructions for Installation and Usage

1. Preparation:

- Ensure the work area is clean and free of obstructions.
- Gather all necessary materials and tools before starting.
- Familiarize yourself with the different head sizes of the scraper:
 - Large: 1" (2.5cm) and ¾" (19.0mm)
 - Small: 5/8" (15.9mm) and ½" (12.7mm)
 - Octagon: 1" (2.5cm) and 11/16" (17.5mm)

2. Using the Scraper:

- Hold the scraper like a pencil for better control.
- Start scraping from right to left or left to right, depending on the wood grain direction.
- Apply even pressure and maintain a consistent angle for optimal results.
- After use, clean the scraper to remove any wood shavings or debris.

3. Maintenance:

- Regularly check the cutting heads for sharpness and damage.
- Sharpen the edges as necessary, following the manufacturer's guidelines.
- Store the scraper in a dry environment to prevent rust and deterioration.

Disposal Instructions

- Dispose of the scraper in accordance with local regulations regarding metal tools.
- If the scraper is damaged beyond repair, ensure it is disposed of safely to prevent injury to others.
- Recycle materials where possible, following local recycling guidelines.

Contact Information for Further Support
