

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 6 CREEDMOOR FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6 CREEDMOOR FULL LENGTH SIZING DIE](#)

# Safety Instruction Guide for Forster Full Length Sizing Dies

## Introduction

Thank you for choosing the Forster Full Length Sizing Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the die.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the die and all reloading components out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always follow the manufacturer's instructions when using the die.
- Ensure that the die is securely mounted in the reloading press before use.
- Avoid overtightening the die, as this can cause damage or misalignment.
- Use only compatible cartridges with the Forster Full Length Sizing Die.
- Do not attempt to modify or repair the die; contact the manufacturer for any necessary service.
- Be cautious of hot surfaces during operation, as the die may become heated.

## Instructions for Installation and Usage

### 1. Installation:

- Select a stable and secure reloading press suitable for the Forster Full Length Sizing Die.
- Remove the die from its packaging and inspect it for any visible damage.
- Securely screw the die into the press, ensuring it is aligned properly.
- Use the Forster Cross Bolt Die Locking Ring to tighten the die in place without damaging the threads.

### 2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Insert the case into the die, ensuring it is seated correctly.
- Use the EZ Out Expander button to maintain concentricity during the neck expanding operation.
- Follow the reloading data specific to the 6mm Creedmoor cartridge to ensure safe loading practices.
- After sizing, carefully remove the case from the die and inspect it for any defects.

## Disposal Instructions

- Dispose of any damaged or wornout dies according to local regulations.
- Do not dispose of the die in regular household waste; contact local waste management for guidance on disposal of metal products.
- Recycle components where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the Forster Full Length Sizing Die, please refer to the manufacturer's website or contact their customer support. Ensure you have your product information ready for reference.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the Forster Full Length Sizing Die!
