## Absolutely Essential For Accurate, Safe, Chamber Work

**FORSTER SAAMI RIMLESS HEADSPACE GAUGES** The Forster Headspace Gauges are precision instruments designed to help gunsmiths and firearm enthusiasts accurately measure the headspace of rifle chambers, ensuring firearms operate safely and reliably. Proper headspace is critical for preventing malfunctions such as misfires, case ruptures, or excessive wear, which can compromise both performance and safety. These gauges are indispensable when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. **Key Features:** **Precision Engineering:** Machined to exacting SAAMI specifications, these gauges provide accurate measurements to verify that a firearm's chamber meets industry standards. **Variety of Gauges:** Available in "Go," "No-Go," and "Field" configurations, each gauge serves a specific purpose: **Go Gauge:** Confirms the minimum chamber size, ensuring the firearm will chamber and fire a cartridge safely. **No-Go Gauge:** Checks that the chamber does not exceed the maximum recommended headspace; the bolt should not close on this gauge. **Field Gauge:** Used to determine the absolute maximum safe headspace; if the bolt closes on this gauge, the firearm is considered unsafe to shoot. **Durable Construction:** Crafted from high-grade steel and hardened for longevity, these gauges withstand repeated use without compromising accuracy. **Specifications:** **Material:** Hardened steel **Dimensions:** Specific to each caliber and gauge type **Compliance:** Manufactured to SAAMI specifications **Customer Insights:** Customers commend the Forster Headspace Gauges for their precision and reliability. The clear differentiation between "Go," "No-Go," and "Field" gauges allows users to perform comprehensive headspace assessments confidently. The durable construction ensures that the gauges maintain their integrity and accuracy over time, even with frequent use. Users also appreciate the wide range of calibers available, making it easy to find the appropriate gauge for various firearms. Incorporating the Forster Headspace Gauges into your gunsmithing toolkit ensures that your rifle chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 22 PPC, 6MM PPC GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319022050
- Mfr. No.: HG0PPCG
- Cartridge: 22 PPC, 6 PPC
- Colour: Steel
- Height: 0.44"
- Length: 1.145"
- Material: Steel
- Model Number: 6mm PPC Go, 22 PPC
- Style: Go Gauge
- Weight: 0.07 lbs

- Width: 0.44"
- Delivery weight: 0.023kg
- Shipping height: 20mm
- Shipping width: 76mm
- Shipping length: 71mm
- UPC: 757253004513

# Safety Instruction Guide for HEADSPACE GAUGES

## Introduction

Thank you for choosing the HEADSPACE GAUGES by Forster Products, Inc. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this manual thoroughly before using the gauge to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle the gauge with care to avoid injury or damage.
- Ensure the gauge is used in a welllit and clean environment.
- Keep the gauge out of reach of children and vulnerable individuals.
- Regularly inspect the gauge for signs of wear or damage before use.
- If the gauge is damaged, discontinue use immediately and seek a replacement.
- Follow all manufacturer instructions for use and maintenance.

## Specific Safety Precautions for Use

- **Hazard Identification:** Improper use of the headspace gauge may result in inaccurate measurements, leading to unsafe firearm operation.
- **Avoiding Hazards:**
  - Always ensure the firearm is unloaded before using the gauge.
  - Use the gauge only for the specified cartridge types: 22 PPC and 6 PPC.
  - Do not force the gauge into the chamber; it should fit snugly but not require excessive force.
  - Always check the gauge for cleanliness before use to avoid contamination.
- **AgeRelated Warnings:** This product is intended for use by qualified individuals who are knowledgeable about firearms. It is not suitable for use by children.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary tools and materials for the task at hand.

### 2. Using the Gauge:

- Insert the gauge into the chamber of the firearm gently.
- Confirm that the gauge fits correctly without excessive force.
- For a GO gauge, ensure the bolt closes fully; if it does not, the chamber may be too short.
- For a NOGO gauge, the bolt should not close fully; if it does, the chamber may be too long.
- Repeat the measurement process as necessary and record your findings.

### 3. PostUse:

- Carefully remove the gauge from the chamber.
- Clean the gauge after use to maintain its accuracy and longevity.
- Store the gauge in a safe, dry place away from children.

## **Disposal Instructions**

- Dispose of the gauge according to local regulations.
- If the gauge is damaged or no longer usable, do not throw it in regular waste. Instead, follow local guidelines for hazardous materials or electronic waste disposal.

## **Contact Information for Further Support**

- For any safety inquiries or additional support, please refer to the contact information provided by the retailer or manufacturer.

This safety instruction guide is designed to help you use the HEADSPACE GAUGES safely and effectively. Always prioritize safety and follow the guidelines outlined in this document. Thank you for your attention to these important safety measures.
