

SATIN-GLO POLISHING COMPOUND - 150 FORMAX SATIN-GLO

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Compounds](#)

Greaseless Compound For Effortless Polishing

Loads quickly and produces a smooth, great looking finish without a lot of hard work. Uniform, aluminum oxide abrasive in a water-soluble, glue base removes machine marks, pits, and surface imperfections in all types of steel, leaves the parts clean, dry, and ready to complete your favorite finish. Conveniently packed in three pound, re-sealable tubes. For best results, store unused portions of tubes in the refrigerator.

SATINGLO POLISHING COMPOUND 150 Safety Instruction Guide

Introduction

Thank you for choosing SATINGLO POLISHING COMPOUND 150 by FORMAX. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the polishing compound.

General Safety Guidelines

- Ensure safe use of the product by following all safety instructions.
- Store the product in a cool, dry place, away from direct sunlight and heat sources.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates regarding product recalls on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including:
 - Safety goggles to protect your eyes from dust and particles.
 - Gloves to prevent skin contact with the compound.
 - A dust mask or respirator to avoid inhaling fine particles.
- Avoid using the product in poorly ventilated areas.
- Do not ingest the product; it is not intended for consumption.
- If the product comes into contact with the skin, wash the area thoroughly with soap and water.
- In case of eye contact, rinse immediately with plenty of water and seek medical attention if irritation persists.
- Do not mix with other chemicals or products unless specified.

Instructions for Installation and Usage

- Before use, ensure the surface to be polished is clean and free of debris.
- Squeeze a small amount of SATINGLO POLISHING COMPOUND 150 onto a clean cloth or polishing pad.
- Apply the compound to the surface in a circular motion, applying gentle pressure.
- Continue polishing until a smooth, shiny finish is achieved.
- Wipe off any excess compound with a clean, dry cloth.
- For best results, store unused portions of the compound in the refrigerator.
- After use, clean all tools and equipment thoroughly to prevent contamination.

Disposal Instructions

- Dispose of any unused product and empty containers in accordance with local regulations.
- Do not dispose of the product down the drain or in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of SATINGLO POLISHING COMPOUND 150, please refer to the contact information provided on the product packaging or visit the manufacturer's website for more details.

By following these guidelines, you can ensure a safe and effective experience with SATINGLO POLISHING COMPOUND 150. Thank you for your attention to safety!
