

# SATIN-GLO POLISHING COMPOUND - FORMAX 320 FROMAX SATIN-GLO

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Compounds](#)

## Greaseless Compound For Effortless Polishing

Loads quickly and produces a smooth, great looking finish without a lot of hard work. Uniform, aluminum oxide abrasive in a water-soluble, glue base removes machine marks, pits, and surface imperfections in all types of steel, leaves the parts clean, dry, and ready to complete your favorite finish. Conveniently packed in three pound, re-sealable tubes. For best results, store unused portions of tubes in the refrigerator.

# SATINGLO POLISHING COMPOUND SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing SATINGLO POLISHING COMPOUND by FORMAX. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before use.

## General Safety Guidelines

- Always use the product in a wellventilated area to avoid inhalation of dust.
- Keep the product out of reach of children and pets.
- Do not ingest the product. It is intended for use on metal surfaces only.
- In case of skin contact, wash the affected area with soap and water.
- If eye contact occurs, flush eyes with water for at least 15 minutes and seek medical attention.
- Store the product in a cool, dry place away from direct sunlight and extreme temperatures.
- Check for any product recalls or safety alerts on the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) including:
  - Safety goggles to protect your eyes.
  - Dust mask or respirator to avoid inhaling dust particles.
  - Gloves to protect your skin during application.
- Ensure that surfaces to be polished are clean and free from contaminants before applying the compound.
- Avoid using the product near open flames or sources of ignition.
- Do not mix with other chemicals or products unless specified by the manufacturer.

## Instructions for Installation and Usage

### 1. Preparation:

- Clean the surface to be polished to remove any dirt or grease.
- Ensure the area is wellventilated.

### 2. Application:

- Squeeze a small amount of SATINGLO POLISHING COMPOUND onto a clean, dry cloth or polishing pad.
- Apply the compound to the surface in a circular motion, applying gentle pressure.
- Work in small sections for best results.

### 3. Finishing:

- Once the surface has been polished to your satisfaction, use a clean cloth to buff the area and remove any excess compound.
- Inspect the surface for any remaining imperfections and repeat the application if necessary.

### 4. Cleanup:

- Dispose of used cloths and pads according to local regulations.
- Clean any tools used with water after application.

## **Disposal Instructions**

- Dispose of the product and any packaging materials in accordance with local waste disposal regulations.
- Do not pour leftover product down drains or into the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of SATINGLO POLISHING COMPOUND, please refer to the contact information provided on the product packaging or visit the manufacturer's website for additional resources.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective polishing experience with SATINGLO POLISHING COMPOUND.
