

# SATIN-GLO POLISHING COMPOUND - 400 FORMAX SATIN-GLO

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Compounds](#)

## Greaseless Compound For Effortless Polishing

Loads quickly and produces a smooth, great looking finish without a lot of hard work. Uniform, aluminum oxide abrasive in a water-soluble, glue base removes machine marks, pits, and surface imperfections in all types of steel, leaves the parts clean, dry, and ready to complete your favorite finish. Conveniently packed in three pound, re-sealable tubes. For best results, store unused portions of tubes in the refrigerator.

## SATINGLO Safety Instruction Guide

### Introduction

Welcome to the safety instruction guide for the SATINGLO POLISHING COMPOUND 400 FORMAX SATINGLO. This guide provides essential information to ensure safe use of the product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

### General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always follow the instructions provided in this guide to minimize risks.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Avoid inhalation of dust generated during polishing. Use appropriate respiratory protection if necessary.
- Wear safety goggles to protect your eyes from dust and splashes.
- Use gloves to protect your skin from prolonged contact with the compound.
- Ensure adequate ventilation in the area where the product is being used.
- Do not ingest the product. If swallowed, seek medical attention immediately.
- Do not use the product on surfaces that are not intended for polishing.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure the surface to be polished is clean and free from debris.
- Shake the tube gently before use to ensure the compound is well mixed.

#### 2. Application:

- Squeeze a small amount of SATINGLO POLISHING COMPOUND onto a clean polishing cloth or pad.
- Apply the compound to the surface using circular motions, ensuring even coverage.
- Use light pressure to avoid damaging the surface.

#### 3. Polishing:

- Continue polishing until the desired finish is achieved.
- Regularly check the cloth or pad for buildup and replace as necessary.

#### 4. Cleaning Up:

- After use, clean the polished surface with a damp cloth to remove any residue.
- Store the unused portion of the tube in the refrigerator to maintain its effectiveness.

### Disposal Instructions

- Dispose of any unused product and packaging in accordance with local regulations.
- Do not dispose of the product down the drain or in regular household waste.
