

ACCUCAM LEVER FOR EOTECH - GG&G ACCUCAM LEVER FOR EOTECH 500 SERIES

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Rock Solid, Quick-Detach Lever

Cam operated quick-detach lever with an extra large finger loop replaces existing thumbnut mounting screw on EOTech for rapid installation and removal. Does not change the mounting height of EOTech and allows co-witnessing with iron sights.

ACCUCAM LEVER FOR EOTECH 500 SERIES Safety Instruction Guide

Introduction

Thank you for choosing the ACCUCAM Lever for EOTech 500 Series. This product is designed to enhance your shooting experience by providing a quickdetach mechanism for your EOTech sight. It is important to read and understand this safety instruction guide to ensure safe usage and compliance with EU safety regulations.

General Safety Guidelines

- Always ensure that the ACCUCAM Lever is installed correctly before use.
- Regularly inspect the lever for any signs of wear or damage.
- Ensure that the EOTech sight is securely mounted to avoid accidents during use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as described in this guide.

Specific Safety Precautions for Use

- Do not exceed the recommended mounting height to ensure proper cowitnessing with iron sights.
- Avoid using excessive force when detaching or attaching the lever to prevent damage.
- Ensure that the lever is fully engaged before relying on it during use.
- If the lever does not operate smoothly, cease use and consult the installation instructions.
- In case of any malfunction, do not attempt to repair the product yourself. Seek professional assistance.

Instructions for Installation and Usage

Installation

1. **Remove Existing Thumbnut:** Unscrew the existing thumbnut mounting screw on your EOTech sight.
2. **Position the ACCUCAM Lever:** Align the ACCUCAM Lever with the mounting point on the EOTech.
3. **Attach the Lever:** Securely fasten the lever in place, ensuring it is tight but do not overtorque.
4. **Check Alignment:** Ensure that the EOTech sight is properly aligned for cowitnessing with iron sights.
5. **Test the QuickDetach Mechanism:** Before use, test the lever to ensure it operates smoothly for quick detachment.

Usage

- To detach the lever, simply operate the cam mechanism by pulling the finger loop.
- To reattach, align the lever with the mounting point and push down until it clicks into place.
- Always perform a functionality check before heading to the range or field.

Disposal Instructions

- Dispose of the ACCUCAM Lever in accordance with local regulations for metal products.
- Do not dispose of the product in household waste.
- Consider recycling the product if possible.

Contact Information for Further Support

For any safety inquiries or further assistance, please reach out to the designated EU contact point as provided by the manufacturer. Always refer to the manufacturer's website or product documentation for the latest information and updates regarding safety and usage.

Thank you for taking the time to read this safety instruction guide. By following these guidelines, you can ensure a safe and enjoyable experience with your ACCUCAM Lever for EOTech 500 Series.
