Beautifully Polished & Balanced

GUNSMITH'S BRASS HAMMER The Grace USA Gunsmith's Brass Hammers are precision-crafted tools designed to meet the demands of gunsmiths, firearm enthusiasts, and professionals who require reliability and care in their work. Proudly made in the USA, these hammers combine durability, precision, and balance, making them essential for various gunsmithing tasks. Key Features: Solid Brass Construction: The hammerheads are crafted from high-quality polished CDA 360 brass, providing non-marring performance, ideal for delicate firearm components. Ergonomic Hickory Handles: Each hammer is fitted with a properly seasoned, hand-turned hickory handle. These handles are designed to offer a comfortable grip, reduce user fatigue, and provide excellent control during intricate tasks. Multiple Sizes Available: Offered in a range of sizes, including 4 oz., 8 oz., and 16 oz., these hammers cater to a variety of applications, ensuring you have the right tool for both light and heavy-duty tasks. Precision Balance: Engineered for optimal weight distribution, these hammers deliver consistent and controlled strikes for professional results. Specifications: 4oz Hammer: Face Dimensions: 3/4" Length of Head: 2.25" Overall Hammer: 10.5" 8oz Hammer: Face Dimensions: 1" Length of Head: 2.1" Overall Hammer: 10" 8oz Hammer Wide: Face Dimensions: 3/4" Length of Head: 4" Overall Hammer: 10" 16oz Hammer: Face Dimensions: 1.25" Length of Head: 2.6" Overall Hammer: 10.5" Applications: The Grace USA Gunsmith's Brass Hammers are perfect for a wide array of gunsmithing applications, including driving pins, aligning parts, and performing firearm assembly or disassembly without damaging sensitive surfaces. Customer Feedback: Customers consistently praise the hammers' exceptional craftsmanship, reliability, and non-marring brass heads. Many users also highlight the ergonomic hickory handles, which make these tools comfortable to use for extended periods. Summary: The Grace USA Gunsmith's Brass Hammers are must-have tools for gunsmiths and firearm enthusiasts seeking precision and quality. With their durable construction and thoughtful design, these hammers provide the reliability needed for a variety of gunsmithing tasks, making them an invaluable addition to any toolkit.

Safety Instruction Guide for GUNSMITH'S BRASS HAMMER

Introduction

Thank you for choosing the GUNSMITH'S BRASS HAMMER by Grace USA. This guide provides essential safety instructions to ensure the safe and effective use of your brass hammer. It is important to follow these guidelines to minimize risks and enhance your experience with the product.

General Safety Guidelines

- Always read and understand the instructions before using the hammer.
- Keep the hammer out of reach of children and vulnerable individuals.
- Inspect the hammer for any signs of damage or wear before each use.
- Use the hammer only for its intended purpose.
- Ensure that you are wearing appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the hammer.
- Be aware of your surroundings and ensure that no one is in the vicinity of your work area when using the hammer.
- Do not use the hammer if you are under the influence of drugs or alcohol.

Specific Safety Precautions for Use

- **Solid Brass Construction:** The hammerheads are made of polished CDA 360 brass, which is designed to prevent marring. However, always check that the surfaces you are working on are suitable for brass use.
- **Ergonomic Hickory Handles:** The hickory handles are designed for comfort. Ensure a firm grip to prevent slipping during use.
- **Multiple Sizes Available:** Select the appropriate hammer size based on your task. Using the wrong size may lead to accidents or ineffective work.
- **Precision Balance:** The hammer is engineered for optimal balance. Avoid applying excessive force to prevent loss of control.
- **Avoid Striking Hard Surfaces:** Do not use the hammer on surfaces that could cause the brass to chip or shatter.

Instructions for Installation and Usage

1. Preparation:

- Identify the task you are going to perform and select the appropriate size of the brass hammer.
- Ensure your workspace is clean and free from any hazards.
- Gather any additional tools or materials you may need.

2. Using the Hammer:

- Hold the hammer firmly by the handle, ensuring your grip is secure.
- Position the hammer's face against the target area, ensuring proper alignment.
- Strike with controlled force, allowing the hammer's balance to assist in delivering a precise blow.
- Avoid excessive force; if the task requires more power, reconsider the size of the hammer being used.

3. PostUse Care:

- Clean the hammer after use to remove any debris or residue.
- Store the hammer in a safe, dry place, away from children and pets.

Disposal Instructions

- Dispose of the hammer in accordance with local regulations.
- If the hammer is damaged beyond repair, consider recycling the brass material where facilities are available.
- Do not dispose of the hammer in regular household waste if it can be recycled.

Contact Information for Further Support

For any inquiries or support regarding the GUNSMITH'S BRASS HAMMER, please refer to the product packaging or visit the manufacturer's website for assistance.

By following these guidelines, you can ensure a safe and effective experience with your GUNSMITH'S BRASS HAMMER. Thank you for your attention to safety!
