### Load Pistol Mags Almost As Fast As You Can Shoot, Without The Sore Fingers

Simple, easy-to-use design lets you load pistol magazines quickly without dinging the feed lips and pinching your fingers, so you spend more precious range time shooting, less loading magazines. A real life saver for squeezing those last few rounds into mags with heavy springs. Slide the loader over the magazine and grasp both firmly as you repeatedly depress the ribbed, no-slip thumb lever to relieve the spring pressure and insert rounds. Depending on model, a slot or an adjustable stop in the loader's base prevents movement of the magazine while loading. Models available to fit most Double Stack (DS) and Single Stack (SS) magazines.

# SEMIAUTO PISTOL MAGAZINE SPEEDLOADER HKS MODEL 940 Safety Instruction Guide

## Introduction

Thank you for choosing the HKS Model 940 SemiAuto Pistol Magazine Speedloader. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the speedloader.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your pistol and its magazines before using the speedloader.
- Always handle firearms with care and in accordance with local laws and regulations.
- Keep the speedloader out of reach of children and unauthorized users.
- Inspect the speedloader before use to ensure it is in good condition and free from damage.
- Never use the speedloader with damaged or malfunctioning magazines.
- Follow all safety warnings and instructions provided by your firearm manufacturer.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before using the speedloader.
- Do not place fingers or any body part near the magazine opening while loading.
- Use the speedloader only for the specific magazine types listed in the product specifications.
- Do not attempt to modify the speedloader or use it for any purpose other than loading magazines.
- Avoid using the speedloader in wet or slippery conditions to prevent loss of grip.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is unloaded and in a safe area.
- Gather your magazines and ammunition.

### 2. Using the Speedloader

- Slide the loader over the magazine, ensuring a firm fit.
- Grasp both the speedloader and magazine firmly.
- Depress the ribbed, noslip thumb lever repeatedly to relieve spring pressure.
- Insert rounds into the magazine as the spring pressure is relieved.
- For models with an adjustable stop, set it according to the magazine size to prevent movement during loading.

### 3. PostUse Care

- Remove the speedloader from the magazine once loading is complete.
- Store the speedloader in a safe and dry location, away from children and unauthorized users.

## Disposal Instructions

- Dispose of the speedloader in accordance with local regulations for plastic waste.
- Do not dispose of the speedloader in fire or extreme heat, as it may cause hazardous fumes.
- If the speedloader is damaged or no longer usable, please follow your local waste management

guidelines for disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the HKS Model 940 Speedloader, please refer to the manufacturer's website or contact your local dealer for assistance.

## **Conclusion**

By following these safety guidelines and instructions, you will ensure a safe and effective experience with your HKS Model 940 SemiAuto Pistol Magazine Speedloader. Always prioritize safety when handling firearms and related accessories. Thank you for your attention to these important safety measures.
