## High Quality To Help You Do The Best Work

WIRE GAUGE CARBON DIES The Brownells Wire Gauge Carbon Dies are essential tools for gunsmiths and firearm enthusiasts, designed to cut precise external threads on various firearm components. Made from high-quality carbon steel, these dies ensure durability and accuracy in threading operations. These dies are available in a range of wire gauge sizes, accommodating diverse threading needs. Each die features a 13/16" outer diameter, making them compatible with standard die stocks. The use of carbon steel allows for easy removal of broken die fragments, as they can be shattered with a punch if necessary. Specifications: Material: Carbon steel Outer Diameter: 13/16" Thread Sizes: Various wire gauge sizes Customer Insights: Users of the Brownells Wire Gauge Carbon Dies appreciate their precision and reliability in threading tasks. The carbon steel construction not only provides durability but also facilitates easy removal of broken fragments, enhancing the overall user experience. The Brownells Wire Gauge Carbon Dies are a valuable addition to any gunsmith's toolkit, offering precise threading capabilities and robust construction for reliable performance.

## Attributes

- Name: [BROWNELLS ROUND WIRE GAUGE CARBON DIE 13/16 DIAMETER 5-40 THREAD](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 395540004
- Mfr. No.: DIE12189E
- Material: Carbon Steel
- Threads: 5-40
- Delivery weight: 0.014kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 050806030251

# Safety Instruction Guide for Brownells Wire Gauge Carbon Dies

## Introduction

Thank you for choosing the Brownells Wire Gauge Carbon Dies. These tools are designed for precision threading on various firearm components. To ensure safe and effective use, please read this safety instruction guide carefully. It provides essential safety guidelines, precautions, and instructions for installation and usage.

## General Safety Guidelines

- Always use the dies in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, dry, and welllit.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, while using the dies.
- Keep the dies out of reach of children and unauthorized users.
- Inspect the dies for any damage or wear before each use. Do not use damaged dies.
- Report any unsafe products or incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Handling:** Always handle the dies with care to avoid injury. Use tools designed for gripping and manipulating dies.
- **Installation:** Ensure that the die is securely mounted in the die stock before use. A loose die can cause accidents.
- **Threading:** When cutting threads, apply even pressure and avoid forcing the die. This helps prevent breakage and ensures a clean cut.
- **Removal of Broken Fragments:** If a die breaks, use a punch to shatter the fragments for easy removal. Always wear safety glasses during this process to protect against flying debris.
- **Storage:** Store the dies in a safe and dry place, preferably in a protective case to prevent damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the die stock and the Brownells Wire Gauge Carbon Die.
- Ensure that the workpiece is clean and properly prepared for threading.

### 2. Installation:

- Insert the Brownells Wire Gauge Carbon Die into the die stock.
- Tighten the die securely in place using the die stock's locking mechanism.

### 3. Usage:

- Align the die with the workpiece.
- Begin threading by turning the die stock clockwise. Apply consistent pressure.
- If resistance is met, stop and check for misalignment or debris.
- Once the desired thread depth is achieved, carefully remove the die by turning it counterclockwise.

### 4. PostUse Care:

- Clean the die after use to remove any debris or residue.
- Inspect the die for any signs of wear or damage.
- Store the die in a safe location.

## Disposal Instructions

- Dispose of any damaged or broken dies in accordance with local regulations.
- Do not throw dies into regular waste. Instead, consider recycling options if available.
- Ensure that any broken fragments are disposed of safely to prevent injury.

## Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided with your product packaging. Always ensure that you have access to support for any questions or concerns you may have.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and effective experience with the Brownells Wire Gauge Carbon Dies.
