

HIGH SPEED STEEL TAPS - REIFF & NESTOR COMPANY HIGH SPEED STEEL BOTTOM TAP 6-40 THREAD

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Taps & Dies](#) > [Taps](#)

HIGH SPEED STEEL TAPS The Reiff & Nestor Company High Speed Steel Taps are precision-engineered tools designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. Crafted from high-speed steel, these taps offer superior durability and maintain their hardness even under high temperatures, making them ideal for continuous use. These taps are available in various thread sizes and styles, including bottom, taper and plug taps, which are essential for threading close to the bottom of blind holes. The high-speed steel construction ensures longevity and precise threading, accommodating a wide range of gunsmithing applications. Specifications: Material: High-speed steel Tap Styles: Bottom Tap Thread Sizes Available: 8-40 3-56 6-40 7/32-40 Customer Insights: Users of the Reiff & Nestor Company High Speed Steel Taps appreciate their precision and durability. The high-speed steel construction allows for efficient threading without compromising the tool's integrity, making these taps a reliable choice for both professional gunsmiths and hobbyists. Incorporating the Reiff & Nestor Company High Speed Steel Taps into your gunsmithing toolkit ensures reliable and accurate threading, enhancing the quality and longevity of firearm components.

Attributes

- Name: [REIFF & NESTOR COMPANY HIGH SPEED STEEL BOTTOM TAP 6-40 THREAD](#)
- Manufacturer: [REIFF & NESTOR COMPANY](#)
- Product no.: 395640003
- Mfr. No.: DWT54234
- Material: Carbon Steel
- Style: Bottom
- Threads: 6-40
- Delivery weight: 0.005kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 887861070898

Safety Instruction Guide for Reiff & Nestor Company High Speed Steel Taps

Introduction

Thank you for choosing the Reiff & Nestor Company High Speed Steel Taps. This guide provides important safety information to ensure your safe use of these tools. Please read and follow all instructions carefully to maximize safety and performance.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using taps.
- Keep the workplace clean and welllit to avoid accidents.
- Ensure that all tools are in good working condition before use.
- Be aware of your surroundings and ensure that no one is in your immediate area when using the taps.
- Follow all local regulations and guidelines related to tool use and safety.

Specific Safety Precautions for Use

- **Handling:** Always handle taps with care. Avoid dropping or mishandling them to prevent damage.
- **Storage:** Store taps in a dry, secure place to prevent rust and damage. Use protective cases if available.
- **Threading:** When creating threads, ensure that the tap is aligned correctly with the workpiece to avoid breakage or injury.
- **Lubrication:** Use appropriate cutting fluids or lubricants to reduce friction and heat during threading.
- **Avoid Overexertion:** Do not apply excessive force when using taps. If resistance is felt, stop and assess the situation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure the workpiece is securely clamped to avoid movement during the tapping process.

2. Selecting the Right Tap:

- Choose the appropriate tap size and type (bottom, taper, or plug) based on your threading needs.

3. Tapping Process:

- Insert the tap into the tap wrench or holder.
- Align the tap perpendicularly to the workpiece.
- Apply steady, even pressure while turning the tap clockwise.
- If using a bottom tap, ensure you do not exceed the blind hole depth to prevent breaking the tap.

4. Finishing:

- Once the desired depth is reached, reverse the tap gently to remove it from the hole.
- Clean the threaded hole and remove any debris.

Disposal Instructions

- Dispose of any damaged or worn taps in accordance with local regulations.
- Do not dispose of taps in regular household waste. Check for recycling options specific to metal tools in your area.

Contact Information for Further Support

For any safety inquiries or further information, please reach out to the designated EU contact point associated with this product.

By following these guidelines, you can ensure a safe and effective experience with the Reiff & Nestor Company High Speed Steel Taps. Always prioritize safety and adhere to the specified precautions during use.
