High Quality To Help You Do The Best Work

WIRE GAUGE CARBON TAPS The IRWIN Industrial Tool Co. Wire Gauge Carbon Taps are precision-engineered tools designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. Crafted from high-quality carbon steel, these taps ensure durability and accurate threading, making them essential for various gunsmithing applications. These taps are available in a range of wire gauge sizes, allowing for versatility in threading different components. The carbon steel construction not only provides strength but also facilitates easy removal of broken tap fragments, as they can be shattered with a punch if necessary. Specifications: Material: Carbon steel Thread Sizes: Various wire gauge sizes Customer Insights: Users of the IRWIN Industrial Tool Co. Wire Gauge Carbon Taps appreciate their precision and reliability in threading tasks. The carbon steel construction not only provides durability but also facilitates easy removal of broken fragments, enhancing the overall user experience. The IRWIN Industrial Tool Co. Wire Gauge Carbon Taps are a valuable addition to any gunsmith's toolkit, offering precise threading capabilities and robust construction for reliable performance.

Attributes

- Name: [IRWIN INDUSTRIAL TOOL CO. WIRE GAUGE CARBON PLUG TAP 6-48 THREADS](#)
- Manufacturer: [IRWIN INDUSTRIAL TOOL CO.](#)
- Product no.: 395648002
- Mfr. No.: 1121
- Material: Carbon Steel
- Style: Plug
- Threads: 6-48
- Delivery weight: 0.005kg
- Shipping width: 83mm
- Shipping length: 146mm

WIRE GAUGE CARBON TAPS Safety Instruction Guide

Introduction

Thank you for choosing the WIRE GAUGE CARBON TAPS from IRWIN INDUSTRIAL TOOL CO. This guide provides important safety instructions and guidelines to ensure the safe and effective use of these precisionengineered tools. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure safe handling and use of the WIRE GAUGE CARBON TAPS to prevent accidents and injuries.
- Always follow the manufacturer's instructions and safety precautions.
- Keep the taps out of reach of children and vulnerable individuals.
- Regularly check the taps for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the taps.
- Use the taps only for their intended purpose, which is to create or repair internal threads in firearm components.
- Ensure that the work area is clean, welllit, and free from any hazards that may cause accidents.
- Do not apply excessive force when using the taps, as this may lead to breakage or injury.
- Be cautious of sharp edges and broken fragments when handling the taps.
- If a tap breaks during use, take care to remove any fragments safely. They can be shattered with a punch if necessary.
- Store the taps in a secure place when not in use to prevent accidental injury.

Instructions for Installation and Usage

1. Preparation

- Ensure that the work area is clean and organized.
- Gather all necessary tools and equipment before starting.

2. Select the Correct Tap Size

- Choose the appropriate wire gauge size for the component you are working on.

3. Drill a Hole (if necessary)

- If creating new threads, drill a hole to the correct diameter for the selected tap.

4. Lubrication

- Apply cutting oil or lubricant to the tap to ensure smooth threading and reduce friction.

5. Inserting the Tap

- Align the tap with the hole and insert it straight to avoid crossthreading.
- Turn the tap clockwise, applying gentle, even pressure.

6. Threading

- Continue turning the tap while applying consistent pressure.
- If resistance is felt, back the tap out slightly to clear any debris and then continue.

7. Removing the Tap

- Once the threading is complete, carefully remove the tap by turning it counterclockwise.

8. Cleaning Up

- Clean the area and tools after use to maintain safety and organization.

Disposal Instructions

- Dispose of any broken taps or fragments in accordance with local regulations regarding hazardous materials.
- Ensure that all packaging materials are recycled or disposed of properly.

Contact Information for Further Support

For any questions or concerns regarding the WIRE GAUGE CARBON TAPS, please refer to the manufacturer's contact information provided with your product. Ensure that you have the product details ready for efficient assistance.

By following these safety instructions, you can ensure a safe and effective experience with your WIRE GAUGE CARBON TAPS. Thank you for prioritizing safety while using this product.
