

PRO 700 LITE SA STOCKS - MAGPUL PRO 700 LITE SA ADJUSTABLE STOCK FOR REMINGTON 700 SA ODG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Maintaining the most important features of their original Pro 700, the Pro 700 Lite SA strikes a balance between features and cost without sacrificing performance. As the name suggests, the Pro 700 Lite SA blends the original Pro 700 Chassis and the PRS Lite stock to create a simplified rear end with a strong foundation – passing on the value and weight savings to you. The streamlined design weighs in at 4.4 pounds, a full pound less than its predecessor, but still packs a complete set of features that elevate your rifle's performance. The Pro 700 Lite SA provides an optimized shooter interface with 0.8" of comb height and 1.4" of LOP adjustments. The low-profile rubber butt-pad is adjustable for height and cant, providing an extremely stable interface with the shooter's shoulder. Sling attachment options include an ambidextrous 1.25" footman's loop, a reversible QD sling swivel cup, and space for another optional QD sling swivel cup. The injection-molded polymer grip has a 5-degree forward edge sweep and enlarged palm swell with a 7-degree aft edge sweep for enhanced user comfort, and it includes a 0.75" fore/aft adjustment range using a common hex wrench. An additional grip is included, offering a more aggressive sweep and enlarged palm swell for the shooter who is more inclined to a less vertical grip interface (8-degree forward / 20-degree aft edge sweep). The Pro 700 Lite SA surrounds its billet aluminum chassis with Magpul polymer for enhanced ergonomics, strength, and sound mitigation. Built around the user, it is fully ambidextrous at the swap of a bolt retainer plate, and the vertical grip can be adjusted for various trigger reaches. The included large trigger guard can accommodate usage with gloves and aftermarket triggers. The AICS-pattern magazine well features an ambidextrous mag release and has a front barricade stop to prevent the rifle from resting on the magazine when using barricade support. Up front, there are numerous M-LOK slots (left-6/right-6/bottom-7) allowing you to mount whatever accessories your loadout calls for. Extremely versatile and adaptable, the Pro 700 Lite SA turns your short action 700-pattern rifle into the perfect bolt action precision machine. Made in the USA. Fully machined Type III hard anodized aluminum forend and V-bedding block Compatible with left and right-handed actions with swappable QD sling swivel and bolt retainer plates Comb height, LOP, and butt-pad adjustment from PRS Lite Integrated AICS pattern magazine well optimized for PMAG® 5 & PMAG® 10 7.62 AC magazines as well as most other AICS pattern short action magazines Low-profile, anti-snag ambidextrous magazine release is made of Melonite® treated steel A large trigger guard allows for use with gloves and accepts most factory and aftermarket curved or flat triggers Injection molded polymer grip with 5 degree forward edge sweep and enlarged palm swell with 7 degree aft edge sweep Additional grip option included with a more aggressive angle (8 degree forward / 20 degree aft edge sweep) Grips adjustable 0.75" fore and aft

PRO 700 LITE SA Adjustable Stock Safety Instructions

Introduction

Thank you for choosing the PRO 700 LITE SA Adjustable Stock for your Remington 700 Short Action (SA). This product is designed to enhance your shooting experience while ensuring safety and performance. Please read this safety instruction guide carefully to understand how to use and maintain your product safely and effectively.

General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Use appropriate eye and ear protection when shooting.
- Keep your fingers off the trigger until you are ready to shoot.
- Store the firearm and stock in a secure location, away from unauthorized users, especially children.
- Regularly inspect the stock and firearm for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- Ensure the stock is properly installed before using the firearm.
- Avoid using the stock with any modifications that are not approved by the manufacturer.
- Do not exceed the manufacturer's recommended weight limits for accessories mounted on the stock.
- Be aware of the adjustable features and ensure they are securely locked in place before use.
- When using the sling attachment points, ensure that the sling is securely fastened to prevent accidental detachment during use.
- If you experience any malfunctions or issues while using the stock, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Remove the Existing Stock:** Carefully detach the existing stock from your Remington 700 SA according to the manufacturer's instructions.
2. **Attach the PRO 700 LITE SA Stock:**
 - Align the stock with the receiver.
 - Securely fasten the stock using the provided hardware.
 - Ensure all screws are tightened to the manufacturer's specifications.
3. **Adjust the Stock:**
 - Adjust the comb height and length of pull (LOP) to fit your shooting style.
 - Use a hex wrench to make adjustments as needed.

Usage

- **Shooting Position:**
 - Ensure the stock is properly adjusted to your shoulder for maximum stability.
 - Use the rubber buttpad for a comfortable fit against your shoulder.
- **Accessory Mounting:**
 - Utilize the MLOK slots for attaching accessories as needed.
 - Ensure all accessories are securely mounted and do not interfere with the operation of the firearm.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the stock is damaged or no longer in use, consider recycling the polymer and aluminum components where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the PRO 700 LITE SA Adjustable Stock, please refer to the manufacturer's official website or customer service.

By following these safety instructions, you can ensure a safe and enjoyable experience with your PRO 700 LITE SA Adjustable Stock. Always prioritize safety and responsibility when handling firearms.
