

# 6.5MM (0.264") HIGH VELOCITY CONTROLLED CHAOS BULLETS - LEHIGH DEFENSE 264 CAL (0.264") 130GR CONTROLLED CHAOS LF BULLETS 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

LeHigh's High Velocity Controlled Chaos rounds were developed as a result of an animal control agency's request for a no lead .243 bullet that would provide extensive wound trauma with little minimal pass through energy. Basically the idea was to burst the bullet into numerous particles at a predetermined depth creating many wounds and a large temporary cavity with shot placement at or near the central nervous system. The agency had tried copper matrix frangible rounds and found the penetration depth and particle size were less than what was required for proper terminal performance. Many wound channels resulting in extensive damage CNC machined from solid copper or brass, not formed or swaged Exceptional accuracy from the advanced manufacturing process A separate base for penetration along the original trajectory No lead designs for agencies requiring green projectiles

## Attributes

- Name: [LEHIGH DEFENSE 264 CAL \(0.264"\) 130GR CONTROLLED CHAOS LF BULLETS 50/BOX](#)
- Manufacturer: [LEHIGH DEFENSE](#)
- Product no.: 430100228
- Mfr. No.: 05264130CUSP
- Ballistic Coefficient (G1): 0.476
- Brand Style: Controlled Chaos
- Bullet Style: Fracturing Boat Tail
- Caliber: 264 Caliber
- Diameter (Breech): 0.264
- Diameter (in): 0.264
- Grain: 130
- Sectional Density: 0.266
- Quantity: 50
- Delivery weight: 0.485kg
- Shipping height: 54mm
- Shipping width: 59mm
- Shipping length: 79mm
- UPC: 810025507367

## Item details

Made in USA  
US export classification: 0A505.x

# Safety Instruction Guide for 6.5MM (0.264") High Velocity Controlled Chaos Bullets

## Introduction

Thank you for choosing the 6.5MM (0.264") High Velocity Controlled Chaos Bullets by LeHigh Defense. This guide provides essential safety information to ensure safe handling, usage, and disposal of the product. Please read this guide carefully to understand the necessary precautions and instructions.

## General Safety Guidelines

- Always treat all ammunition as if it is loaded and ready to fire.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when handling or using firearms.
- Be aware of your surroundings and ensure a safe backstop when firing.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Only use these bullets in firearms specifically designed for the 6.5MM caliber.
- Ensure that your firearm is in good working condition before use.
- Do not exceed the recommended load data provided by the firearm manufacturer.
- Be cautious of potential ricochet hazards when shooting in environments with hard surfaces.
- Avoid using these bullets for purposes other than intended, such as nontarget shooting.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Open the ammunition box carefully to avoid damaging the bullets.
- Load the bullets into the magazine according to the manufacturer's instructions for your firearm.

### 2. Usage:

- Check the firing range for safety and ensure that it is legal to shoot in that area.
- Wear protective gear, including eye and ear protection.
- Take a stable shooting position and ensure a firm grip on the firearm.
- Aim at the intended target and ensure that there is a safe backstop.
- Fire the bullet following all standard firearm safety protocols.

## Disposal Instructions

- Do not dispose of unused bullets in regular trash.
- Contact local authorities or waste management services for proper disposal methods.
- Follow any specific local regulations regarding the disposal of ammunition.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the contact details provided on the packaging or the manufacturer's website.

This safety instruction guide aims to ensure the safe use of the 6.5MM (0.264") High Velocity Controlled Chaos Bullets. By adhering to these guidelines, you can help ensure your safety and the safety of those around you. Thank you for your attention to these important safety measures.
