

# **SACK POUCH MK3 - SPIRITUS SYSTEMS SACK POUCH MK3, RANGER GREEN**

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

The Sub Abdominal Carrying Kit or "SACK" is the most versatile tactical "fanny pack" on the market. It was designed to make critical equipment easy to access from both sides or when in a confined space like a vehicle. The pouch features a half zip design, which means that your equipment will not easily fall out of the pouch even if the zipper is left unsecured. The front of the pouch features a small zippered stash pocket that is perfect for easy access to small items. The bottom of the pouch features two elastic loops that can be adjusted to hold a tourniquet or other equipment that you may need to rapidly deploy. If bottom carry doesn't fit your mission needs, you can easily remove and reinstall the loops as necessary. The inside features soft loop Velcro on both sides. This makes the pouch very dynamic, giving you the ability to use our Velcro Insert Suite to fit your requirements. It also features two slide-locks that make it easy to adjust the tension of the elastic loops hanging below, as well as two tie-down loops for securing sensitive equipment. The two grommet holes on the bottom aid with drainage of the pouch, if submersion occurs. The SACK is designed to fit onto the bottom of Spiritus Systems Micro Fight Chest Rig, or any other plate carrier or rig that accommodates standard hook and loop, making it a versatile choice for those changing load-outs often. Simply pull this off one kit and add it to another. Velcro Attachment measures 7"x 4" Some images shown with optional accessories, sold separately.

# SACK POUCH MK3 Safety Instruction Guide

## Introduction

Thank you for choosing the SACK POUCH MK3 by Spiritus Systems. This versatile tactical pouch is designed for ease of access and functionality in various environments. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the SACK POUCH MK3 by following all instructions provided in this guide. Be aware of risks that may not be covered by other regulations.
- **Enhanced Recalls:** Stay informed about product recalls and safety notices. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** If purchased online, ensure that the seller meets EU safety requirements.
- **Special Consumer Focus:** Keep this product out of reach of children unless supervised.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates on any unsafe products.

## Specific Safety Precautions for Use

- **Potential Hazards:** Ensure that the pouch is securely attached to your gear to prevent accidental detachment. Avoid overloading the pouch beyond its designed capacity, which may lead to failure or injury. Check for wear and tear before each use, especially on zippers and elastic loops.
- **Instructions for Avoiding Hazards:** Always ensure that zippers are fully closed when not in use to prevent items from falling out. Use the elastic loops appropriately to hold equipment securely. Do not use the pouch in situations where it may become submerged in water unless necessary precautions are taken.
- **Age Specific Warnings:** This product is not intended for use by children without adult supervision. Ensure that children are educated on safe handling.

## Instructions for Installation and Usage

### • Installation:

1. Identify the appropriate attachment point on your Micro Fight Chest Rig or other compatible gear.
2. Align the Velcro attachment of the SACK POUCH MK3 with the corresponding Velcro area on your gear.
3. Press firmly to ensure a secure fit.

### • Usage:

1. Open the half zip design carefully to access your equipment.
2. Utilize the small zippered stash pocket for easy access to small items.
3. Adjust the elastic loops as needed for holding equipment like a tourniquet.
4. Use the slidelocks to adjust the tension of the elastic loops for optimal security.
5. Ensure that the pouch is properly drained by checking the grommet holes if it becomes wet.

## Disposal Instructions

- **Disposal:** Dispose of the SACK POUCH MK3 responsibly. Follow local regulations for textile and plastic waste disposal. If the product is damaged beyond repair, consider recycling materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or support for the SACK POUCH MK3, please refer to the contact details provided by your retailer or manufacturer. They will be able to assist you with any concerns.

Thank you for your attention to these safety instructions. Enjoy the versatility and functionality of your SACK POUCH MK3 responsibly!
