

# 270 WSM BRASS CASE - NORMA 270 WINCHESTER SHORT MAGNUM (WSM) BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Norma Brass provides the serious reloader a premium grade, quality cartridge to reload. Norma Brass is bulk packed from the same lot. We try to keep a good supply of brass in inventory, but due to factory production and delivery delays, we may occasionally be out of some cartridges. Norma Brass is made to such exact standards that the cartridges typically include machined case heads, drilled (not punched) flash holes and close tolerance wall thickness.

# Safety Instruction Guide for 270 WSM Brass Case Norma 270 Winchester Short Magnum (WSM) Brass 50/Box

## Introduction

Thank you for choosing the Norma 270 WSM Brass Case for your reloading needs. This product is designed to meet high standards of quality and safety. To ensure your safety and the safety of others while using this product, please read and follow the safety guidelines outlined in this manual.

## General Safety Guidelines

- Always handle ammunition components with care and respect.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Keep out of reach of children and unauthorized users.
- Use this product only for its intended purpose.
- Be aware of local laws and regulations regarding the use and storage of ammunition components.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses and gloves, when reloading.
- Ensure your work area is clean and free from distractions.
- Check for any visible damage or defects in the brass before use.
- Do not exceed recommended load specifications when reloading.
- Always use reloading data from reliable sources.
- Be cautious of static electricity when handling brass and powder.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials for reloading.
- Ensure you have a clean and organized workspace.

### 2. Inspecting Brass:

- Examine each brass case for signs of damage, such as cracks or dents.
- Discard any damaged brass to prevent accidents.

### 3. Reloading Process:

- Follow these steps carefully:
  - Resize the brass case using a resizing die.
  - Clean the inside of the case using a case cleaning tool.
  - Prime the case using a primer tool, ensuring it is seated properly.
  - Measure and add the appropriate powder charge using a powder scale.
  - Insert the bullet and crimp it securely.

### 4. Final Checks:

- Inspect the completed cartridges for any irregularities.

- Store completed cartridges in a safe and secure manner.

## **Disposal Instructions**

- Dispose of any damaged or unusable brass cases according to local regulations.
- Do not throw away brass in regular trash; consider recycling options.
- Follow your local waste management guidelines for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of this product, please consult the appropriate resources or contact your local authority for guidance.

Thank you for your attention to these safety guidelines. By following these instructions, you can help ensure a safe and enjoyable reloading experience with your Norma 270 WSM Brass Case.
