# Safety Instruction Guide for the RCBS Rock Chucker Supreme Master Reloading Kit

## Introduction

Thank you for choosing the RCBS Rock Chucker Supreme Master Reloading Kit. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloading kit. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the reloading kit is used only for its intended purpose of handloading ammunition.
- Always keep the reloading kit out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves while handling reloading components.
- Be aware of your surroundings and avoid distractions while reloading.
- Store all components, including powders and primers, in a cool, dry place away from direct sunlight and heat sources.
- Regularly check for any signs of wear or damage to the reloading equipment before use.
- Follow all local laws and regulations regarding the reloading of ammunition.

## Specific Safety Precautions for Use

- Always read and understand the instructions provided in the Speer Reloading Manual included in the kit.
- Never exceed the recommended load data for any cartridge.
- Use the correct dies and shell holders compatible with your specific caliber.
- Ensure that the work area is wellventilated to minimize exposure to dust and fumes from powders.
- Avoid using any damaged or defective equipment. Replace any worn parts immediately.
- Keep all reloading components, including powders and primers, properly labeled and stored.
- In case of spills, clean the area immediately and dispose of materials according to local regulations.

## Instructions for Installation and Usage

### 1. Setting Up the Press

- Place the Rock Chucker Supreme Press on a stable, solid surface.
- Secure the press using bolts if necessary to prevent movement during operation.

### 2. Using the Press

- Insert the appropriate die into the press and secure it according to the manufacturer's instructions.
- Adjust the die for the specific cartridge being reloaded.
- Follow the steps in the Speer Reloading Manual for loading procedures.

### 3. Measuring Powder

- Use the UniflowIII Powder Measure for accurate powder measurement.
- Always check the weight of the powder charge on the M500 Mechanical Scale before loading.

### 4. Priming Cases

- Use the Hand Priming Tool to seat primers properly. Ensure primers are not crushed during the process.

## 5. Final Assembly

- After loading, inspect each cartridge for proper seating and crimping.
- Store completed ammunition in a safe and organized manner.

## Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local hazardous waste disposal regulations.
- Do not throw away powders, primers, or any other reloading materials in regular trash.
- For safety, always refer to local guidelines for the disposal of ammunition and reloading materials.

## Contact Information for Further Support

For any questions or concerns regarding the safety and use of the RCBS Rock Chucker Supreme Master Reloading Kit, please consult your local dealer or the manufacturer for assistance. Always ensure that you have access to the latest safety information and updates regarding your product.

Thank you for prioritizing safety while using the RCBS Rock Chucker Supreme Master Reloading Kit. Your careful attention to these guidelines will help ensure a safe and enjoyable reloading experience.
