

# RMR CUT SLIDES FOR SIG P320 COMPACT - BROWNELLS RMR CUT SLIDE FOR SIG P320 COMPACT

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Optic-Ready, Ergonomically Enhanced Slide With a Bundle of Custom Features Our RMR Slide for Sig P320 Compact pistols features distinctive, wraparound front cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. (OK, we'll admit it: the serrations just look cool, too.) It also comes with a pre-cut slot for easy, secure mounting of a Trijicon RMR or Holosun red dot sight. All RMR Slides also have standard Sig Sauer P320 factory front and rear sight dovetails for "iron" backup sights. To get proper co-witnessing with the RMR, you will need to also install suppressor-height iron sights. You can also get your Brownells RMR Slide for Sig P320 Compact with a "window" cutout on top that enhances airflow to keep the barrel cool - ideal for hard-working action competition pistols. Plus, if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) the window lets you show it off a bit! Each RMR Slide for Sig P320 Compact starts life as a billet of 17-4 stainless steel that is machined to Sig Sauer factory specifications inside, so it'll fit factory frames and accept factory or aftermarket barrels and factory internal parts. Slides are heat-treated to Rc 41-44 on the Rockwell C scale for added surface hardness and wear resistance. Machined from corrosion-resistant 17-4 stainless steel billet Trijicon RMR mounting slot Also accepts Holosun HE508T, HS507C & HS407C red dot sights Plus factory front/rear sight cuts Available with distinctive top Window cutout or traditional Solid top

# RMR CUT SLIDES FOR SIG P320 COMPACT Consumer Safety Instruction Guide

## Introduction

Thank you for choosing the RMR Cut Slide for your Sig P320 Compact. This guide provides important safety instructions and general usage information to ensure a safe and effective experience with your product. Please read this document carefully before using the slide.

## General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Always handle firearms safely and responsibly, following all applicable laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the slide for any signs of wear or damage before use.
- If the slide shows any signs of damage, do not use it and contact a qualified gunsmith for assessment.

## Specific Safety Precautions for Use

- Always ensure your firearm is unloaded before installing or removing the slide.
- Use appropriate safety gear, such as eye protection, when handling firearms.
- Be cautious of sharp edges when handling the slide, especially during installation.
- Ensure that the red dot sight is securely mounted to prevent it from becoming loose during use.
- Use only compatible red dot sights as specified in the product description to avoid installation issues.
- Follow the manufacturer's guidelines for cowitnessing with iron sights and ensure they are properly installed.

## Instructions for Installation and Usage

### 1. Prepare Your Firearm:

- Ensure your Sig P320 Compact is unloaded.
- Remove the existing slide by following the manufacturer's instructions.

### 2. Install the RMR Cut Slide:

- Align the RMR Cut Slide with the frame of your Sig P320 Compact.
- Gently slide it into place, ensuring it fits snugly against the frame.

### 3. Mounting the Red Dot Sight:

- Use the precut slot on the slide for mounting a Trijicon RMR or Holosun red dot sight.
- Follow the sight manufacturer's instructions for secure installation.

### 4. Check CoWitnessing:

- Install suppressorheight iron sights if you intend to cowitness with the RMR.
- Verify the alignment and functionality of both the red dot sight and iron sights.

### 5. Final Inspection:

- Inspect the installation to ensure everything is secure and properly aligned.
- Test the functionality of the slide with a safe, unloaded firearm before live use.

## Disposal Instructions

- Dispose of the RMR Cut Slide in accordance with local regulations.
- If the slide is damaged beyond repair, consider recycling the metal components where applicable.
- Do not dispose of the slide in regular household waste.

## Contact Information for Further Support

For safety inquiries or support regarding the RMR Cut Slide for Sig P320 Compact, please refer to the manufacturer's website or contact their customer service. Ensure that you have your product details ready for a more efficient response.

Thank you for prioritizing safety while using the RMR Cut Slide. Your responsible use contributes to a safer environment for all firearm enthusiasts.
