

# CONTROLLED FRACTURING 30 CALIBER (0.308") BULLETS - LEHIGH DEFENSE 308 CALIBER (0.308") 198GR COPPER HOLLOW POINT 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Lehigh originated Controlled Fracturing Technology. These bullets are designed to deliver maximum terminal performance. Controlled Fracturing bullets are produced from either solid copper or solid brass and are pre-stressed at specific points so that after a predetermined penetration depth, the razor-edge petals deploy, releasing an energy spike and then separate and radiate outward from the primary path of the bullet. The bullet shank, now back to bore diameter, continues penetrating straight and deep along the initial impact path. Unlike traditional expanding bullets which mushroom and dramatically limit the bullet's penetration and provide only one wound path, Lehigh's Controlled Fracturing ammunition creates an initial energy transfer, multiple wound paths, and a deep penetrating base - a far more effective bullet.

## Attributes

- Name: [LEHIGH DEFENSE 308 CALIBER \(0.308"\) 198GR COPPER HOLLOW POINT 50/BOX](#)
- Manufacturer: [LEHIGH DEFENSE](#)
- Product no.: 430101379
- Mfr. No.: 02308198LP
- Ballistic Coefficient (G1): 0.535
- Brand Style: Controlled Fracturing
- Bullet Style: Copper Hollow Point
- Caliber: 308 Caliber
- Diameter (Breech): 0.308
- Diameter (in): 0.308
- Grain: 198
- Quantity: 50
- Delivery weight: 0.641kg
- Shipping height: 64mm
- Shipping width: 64mm
- Shipping length: 76mm
- UPC: 810025507480

# Safety Instruction Guide for CONTROLLED FRACTURING 30 CALIBER (0.308") BULLETS

## Introduction

Thank you for choosing the CONTROLLED FRACTURING 30 CALIBER (0.308") BULLETS by Lehigh Defense. This guide provides essential safety instructions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that you are of legal age and possess the necessary permits to purchase and use ammunition in your jurisdiction.
- Always store ammunition in a secure location, away from children and unauthorized individuals.
- Use appropriate personal protective equipment (PPE) when handling ammunition, including eye protection and hearing protection.
- Follow all local laws and regulations regarding the use and storage of ammunition.
- Inspect ammunition before use. Do not use any bullets that appear damaged or defective.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Only use the CONTROLLED FRACTURING 30 CALIBER (0.308") BULLETS in firearms that are specifically chambered for this caliber.
- Never mix different types of ammunition. Use only the recommended ammunition for your firearm.
- Avoid pointing the firearm at anything you do not intend to shoot.
- Always keep the firearm pointed in a safe direction, even when loading or unloading.
- Do not consume alcohol or drugs before or during the use of firearms and ammunition.
- Ensure that the shooting area is clear of people and obstacles before firing.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Open the ammunition box and carefully remove the bullets.
- Inspect each bullet for any visible defects before loading.

### 2. Usage:

- Load the bullets into the magazine according to the manufacturer's instructions for your specific firearm.
- Ensure the firearm is in a safe condition before loading.
- Once loaded, take a stable shooting stance and aim at the target.
- When ready to fire, ensure your finger is off the trigger until you are ready to shoot.
- After firing, keep the firearm pointed downrange until you are ready to unload.

## Disposal Instructions

- Dispose of any unused or damaged ammunition responsibly.
- Do not dispose of ammunition in regular household waste.
- Contact local authorities or waste management services for guidance on proper disposal methods in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the CONTROLLED FRACTURING 30 CALIBER (0.308") BULLETS, please refer to the manufacturer's customer support channels. Always ensure that you have the most up-to-date information regarding product safety and usage.

By following these safety instructions, you can help ensure a safe and enjoyable experience while using the CONTROLLED FRACTURING 30 CALIBER (0.308") BULLETS.
