

LV-119 REAR COVERT PLATE BAG - SPIRITUS SYSTEMS LV-119 REAR COVERT PLATE BAG (MEDIUM) - COYOTE BROWN

[Home](#)

LV/119 Rear Covert Plate Bag The Spiritus Systems LV/119 Rear COVERT Plate bag is a slick no frills solution for those who need to wear hard plates in the lowest profile possible. A 3" tall velcro loop panel is sewn at chest height for IR identifiers, patches or even our jumbo flags. The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for two reasons: 1. It doesn't have external mounting that can get snagged or rip off when exiting vehicles in haste. 2. It creates a smooth profile when wearing underneath clothing. The LV/119 Plate Carrier System was designed to be a scalable and highly configurable plate carrier platform. The system will offer accessories ranging from Covert Low Visibility Operations, to High Threat Direct Action Raids. We designed the system to be issued in entirety to operators who can then select the desired configuration to meet their mission requirements. All parts and accessories will be interchangeable throughout the series. Plate Fitment The carrier was designed to fit United States Standard Issue SAPI cut plates, but it will fit other cuts as well as long as they fit within the specifications listed below. The bags were built to accommodate "thicker" plates, but they will not fit plates do not fall within the measurements listed. Medium-10" x 12.5" Large- 10.25" x 13.25" Extra Large- 11" x 14.00" Thickness- MAXIMUM of 1.20" NOTE: This is a component of a Spiritus Systems LV/119 Plate Carrier build. To build a COMPLETE plate carrier you will need to select AT LEAST ONE of each of these items: Spiritus Systems Front Plate Bag Spiritus Systems Rear Plate Bag Spiritus Systems Shoulder Covers Spiritus Systems Cummerbund Set Note: This product may be shown with optional accessories. Made in the USA

LV119 Rear Covert Plate Bag Safety Instruction Guide

Introduction

Thank you for choosing the Spiritus Systems LV119 Rear Covert Plate Bag. This product is designed for individuals who require a lowprofile solution for carrying hard plates. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the LV119 Rear Covert Plate Bag is used only for its intended purpose.
- Regularly inspect the bag for wear and tear, and replace it if any damage is found.
- Keep the bag away from sharp objects and extreme heat sources to avoid damage.
- Ensure that the bag is properly fitted and adjusted to your body size to prevent discomfort or accidents.
- Store the bag in a dry and cool place when not in use.
- If you notice any unusual odors or discoloration, discontinue use and inspect the bag for potential hazards.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is not intended for use by children. Ensure that only adults use the LV119 Rear Covert Plate Bag.
- **Weight Limit:** Do not exceed the recommended weight limit of the bag to avoid compromising its structural integrity.
- **Proper Fitting:** Ensure that the cummerbund is securely attached inside the plate bag to prevent it from becoming loose during use.
- **Emergency Situations:** In emergency situations, be cautious when exiting vehicles to avoid snagging the bag on external objects.
- **Identification:** Use the velcro loop panel only for authorized patches and identifiers to avoid confusion in critical situations.

Instructions for Installation and Usage

1. Fitting the Plate Bag:

- Open the bag and insert the hard plates according to the size specifications:
 - Medium: 10" x 12.5"
 - Large: 10.25" x 13.25"
 - Extra Large: 11" x 14.00"
 - Thickness: Maximum of 1.20"
- Ensure the plates fit snugly within the bag without excessive movement.

2. Attaching the Cummerbund:

- Locate the cummerbund attachment points inside the plate bag.
- Attach the cummerbund securely to ensure stability and comfort.
- Adjust the cummerbund for a snug fit, allowing for ease of movement.

3. Using the Velcro Loop Panel:

- Position any IR identifiers or patches on the 3" tall velcro loop panel.
- Ensure that items attached are secured and do not obstruct your movement.

4. Wearing the Plate Bag:

- Put on the plate bag and adjust the shoulder straps for comfort.
- Ensure that the bag sits securely against your body without excessive movement.
- Check that the cummerbund is properly adjusted to maintain a smooth profile under clothing.

5. Maintenance:

- Clean the bag with a damp cloth as needed.
- Do not machine wash or dry clean the bag to avoid damaging materials.

Disposal Instructions

- When the LV119 Rear Covert Plate Bag reaches the end of its useful life, dispose of it in accordance with local regulations.
- Avoid incinerating the bag, as it may release harmful substances.
- If the bag is damaged beyond repair, consider recycling the materials if possible.

Contact Information for Further Support

For questions or concerns regarding the LV119 Rear Covert Plate Bag, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure the effective and safe use of your Spiritus Systems LV119 Rear Covert Plate Bag. Thank you for your attention to these guidelines.
