

LID SNAKE - SPIRITUS SYSTEMS LID SNAKE ANVIS - BLACK

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

Lid Snake ANVIS The Spiritus Systems Lid Snake was designed for anybody using night vision devices that require a battery pack and safe, quick, donning and doffing. The wires connecting your battery pack are delicate and can easily become damaged or disconnected from your helmet. There are two traditional approaches to mitigate this problem. 1) Run tape along the entire length of your cable to secure it to your helmet. The problem with this is that you cannot easily remove your battery pack from your helmet for airborne operations or maintenance. 2) Run the cable underneath your helmet between your pads. This option allows your battery pack to be removed quickly but creates a dangerous scenario where the cable cannot disconnect in the event that your battery pack or nodes become tangled with another object. The Lid Snake eliminates these problems while also providing abrasion protection for your battery pack cable. This two-piece, flexible set accommodates unique helmet configurations, and are sized to be used as a single piece for flight helmets. For use with ANVIS battery packs or other battery packs with straight connectors. 90 Degree connectors will not fit! Note: This product may be shown with optional accessories. Made in the USA

Attributes

- Name: [SPIRITUS SYSTEMS LID SNAKE ANVIS - BLACK](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101679
- Mfr. No.: AC-LS-AN-BK

Safety Instruction Guide for LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS BLACK

Introduction

Thank you for choosing the LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS BLACK. This product is designed to enhance the safety and functionality of your night vision devices by providing a secure and efficient way to manage battery connections. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to secure battery packs for night vision devices.
- Regularly inspect the Lid Snake for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Keep the product away from children and vulnerable individuals, as it may pose a choking hazard.
- Follow all manufacturer instructions for use and maintenance to avoid potential hazards.

Specific Safety Precautions for Use

- Avoid using the Lid Snake with 90 Degree connectors, as they are not compatible and may lead to malfunction.
- Do not expose the Lid Snake to extreme temperatures or harsh chemicals, as this may compromise its integrity.
- Ensure that cables are not twisted or pinched during use, as this may cause damage.
- Always secure the battery pack properly to avoid accidental disconnection during use.
- In the event of entanglement with other objects, disconnect the battery pack immediately to prevent injury.

Instructions for Installation and Usage

1. Inspect the Product:

- Before installation, check the Lid Snake for any visible damage or defects.

2. Prepare for Installation:

- Ensure your helmet is clean and free from debris.
- Gather all necessary components, including the Lid Snake and battery pack.

3. Installation:

- Position the Lid Snake along the desired path on your helmet.
- Use the twopiece flexible design to accommodate your helmet configuration.
- Secure the cable using the provided features of the Lid Snake to prevent movement during use.

4. Connecting the Battery Pack:

- Attach the battery pack to the designated connector on the Lid Snake.
- Ensure that the connection is secure and that the cable is routed safely.

5. Testing:

- Before use, perform a test to ensure that the battery pack is functioning properly and that the Lid Snake is securely in place.

6. Doffing and Donning:

- When removing or putting on the helmet, ensure that the battery pack is disconnected to avoid damage to the cables.

Disposal Instructions

- Dispose of the Lid Snake in accordance with local regulations regarding electronic waste.
- Do not incinerate the product, as it may release harmful substances.
- If the product is damaged beyond repair, ensure that it is disposed of safely to prevent any hazards.

Contact Information for Further Support

For any inquiries regarding the safety or use of this product, please refer to the manufacturer's contact information provided with your purchase. Always keep the product manual for reference and follow all safety guidelines outlined above.

Thank you for prioritizing safety while using the LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS BLACK. Your careful attention to these guidelines will help ensure a safe and effective experience.
