SIERRATAC Non-Padded Sling The SIERRATAC Sling, by Spiritus Systems. Every now and then Spiritus discovers a product that is just too good to not use themselves. Spiritus strives to not saturate the market with products that fill a gap that has already been filled by someone else. They have been getting asked for a sling for a long time, and they are pleased to have teamed up with SIERRATAC to provide you with the best sling on the market. The Sling was developed and field tested by professional end users in both the LEO and Military realms. Every detail of the sling was meticulously thought out to provide the end user with an optimal solution for securing their weapon. Make no mistake, this sling was designed with real world operations in mind. Each sling comes with a durable rubber sling retention band that is designed to withstand abrasion and keep the sling secure when not in use. The band features a thicker side wall than most industrial bands for added durability. Notable Features SIERRATAC Proprietary Billet Aluminum Slider allows for quick tension adjustment to the sling without the inherent danger of a tail snagging other items. The slider acts as a solid indexing point under stressful or dark conditions. The slider does have machined slots that allow the user to add a small pull tab to it if desired. Open looped ends allow the user to add whatever mounting hardware is needed to fit their needs.

SIERRATAC NonPadded Sling Safety Instructions

Introduction

Thank you for choosing the SIERRATAC NonPadded Sling from Spiritus Systems. This product is designed to provide secure and efficient weapon handling for both law enforcement and military personnel. To ensure your safety and the optimal use of this product, please read the following safety instructions carefully.

General Safety Guidelines

- Ensure that all users are familiar with the operation and safety features of the sling before use.
- Regularly inspect the sling for signs of wear or damage. Do not use if any part appears compromised.
- Always use the sling in accordance with the manufacturer's guidelines.
- Keep the sling out of reach of children and vulnerable individuals to prevent accidental injury.
- Report any unsafe conditions or incidents involving the sling to the appropriate authorities.

Specific Safety Precautions for Use

- Use the sling only for its intended purpose—securing and carrying weapons.
- Avoid using the sling in conditions that may compromise its integrity, such as extreme weather or heavy abrasion.
- Be cautious of potential snag hazards when adjusting the sling, particularly in operational environments.
- Always ensure the sling is properly secured when not in use, utilizing the rubber retention band to prevent accidental release.
- Do not modify the sling or its components without consulting the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Identify the mounting points on your weapon where the sling will be attached.
- Use the open looped ends of the sling to connect to the appropriate mounting hardware.
- Ensure that the connections are secure and that there is no excess slack that could lead to snagging.

2. Adjusting the Sling:

- To adjust the tension of the sling, use the SIERRATAC Proprietary Billet Aluminum Slider.
- Pull the slider to increase or decrease the tension as needed.
- Ensure the slider is secured in place after adjustment to avoid unintended movement.

3. Using the Sling:

- Once attached, position the sling over your shoulder or across your body as preferred.
- Ensure that the weapon is securely held in place by the sling and that it is easily accessible.
- During use, be aware of your surroundings to prevent the sling from becoming snagged on objects.

4. PostUse Care:

- After use, clean the sling with a damp cloth to remove any dirt or debris.
- Store the sling in a dry place away from direct sunlight and extreme temperatures.

Disposal Instructions

- Dispose of the sling in accordance with local regulations for textile and plastic waste.
- If the sling is damaged beyond repair, ensure it is disposed of safely to prevent accidental use.

Contact Information for Further Support

For any questions or concerns regarding the SIERRATAC NonPadded Sling, please refer to the manufacturer's website or customer service resources.

By following these guidelines and instructions, you can ensure the safe and effective use of your SIERRATAC NonPadded Sling. Thank you for your attention to these important safety measures.
