

LUNCHBOX POUCH MK2 - SPIRITUS SYSTEMS LUNCHBOX POUCH MK2 - WOLF GREY

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

Lunchbox Pouch Mk2 The Spiritus Systems Lunchbox pouch is a versatile breaching pouch that is mounted to the bottom of the front bag of a Spiritus Systems LV/119 Plate Carrier. It was created with exclusive input from the Direct Action Resource Center (DARC), located in Arkansas. DARC is a premiere tactics and training center with the leading breaching program in the country. Their instructors have ages of practical real world experience in explosive breaching, both the military and law enforcement realms. Spiritus Systems worked closely with DARC and applied this first hand knowledge to create a product specifically for the explosive breaching community. The Lunchbox mates well with the DARC breaching curriculum and theory and is available for use in DARC breaching courses. Larger than its little brother the SACK Pouch, The Lunchbox was designed to carry large and bulky items with ease. For breachers the pouch is incredibly versatile, allowing the breacher to carry an array of charges onto the objective in a clean and easy to reach package. It also consolidates charges inside of your explosive safely, so that they can be accessed at a moment's notice and mounted quickly to your plate carrier. The Lunchbox can accommodate multiple Roll-Ups, two 8"x 8" Pucks or even a firehose charge. The back side of the pouch features 5 rows of elastic loops. These loops can be used to secure multiple Interior Door Charges for easy access. The pouch features 2 elastic shock cord loops and toggles that allow the pouch to be rolled up and stored in a low profile when not in use. This makes it a great pouch for assaulters who may need to conduct Tactical Site Exploitations or carry extra breaching equipment for the breaching cell. The pouch features a half zip design, which means that your equipment will not easily fall out of the pouch even if the zipper is left unsecured. The front of the pouch features a zippered stash pocket for stashing and organizing smaller items like det cord remnants or firing device plungers. The inside features soft loop Velcro on both sides. This makes the Lunchbox very dynamic, giving you the ability to use our Velcro Insert Suite to organize mission essential equipment. It also features two slide-locks that make it easy to adjust the tension of the elastic loops hanging below, as well as two tie-down loops for securing sensitive equipment. The two grommet holes on the bottom aid with drainage of the pouch, if submersion occurs. The Lunchbox is designed to fit onto the bottom of our Micro Fight Chest Rig or plate carrier or rig that accommodates standard hook and loop, making it a versatile choice for those changing load-outs often. Simply pull this off one kit and add it to another. The bottom of the pouch features two elastic loops that can be adjusted to hold a tourniquet or other equipment that you may need to rapidly deploy. If bottom carry doesn't fit your mission needs, you can easily remove and reinstall the loops as necessary. Velcro Attachment measures 9" x 4" NOTE: This is an optional accessory of a Spiritus Systems LV/119 Plate Carrier build. To build a COMPLETE plate carrier you will need to select AT LEAST ONE of each of these items: Spiritus Systems Front Plate Bag Spiritus Systems Rear Plate Bag Spiritus Systems Shoulder Covers Spiritus Systems Cummerbund Set Note: This product may be shown with optional accessories. Safety Instruction Guide for LUNCHBOX POUCH MK2 SPIRITUS SYSTEMS

Introduction

Thank you for choosing the LUNCHBOX POUCH MK2 from Spiritus Systems. This versatile breaching pouch is designed to enhance your operational capabilities while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, maintain, and dispose of this product safely.

General Safety Guidelines

- Ensure safe use of the LUNCHBOX POUCH MK2 by following all provided instructions.
- Regularly inspect the pouch for any signs of wear or damage before each use.
- Store the pouch in a dry, cool place when not in use to prevent deterioration.
- Keep the pouch out of reach of children and unauthorized users.
- Be aware of your surroundings when using the pouch, especially in operational environments.

Specific Safety Precautions for Use

- Always secure items inside the pouch to prevent them from falling out during movement.
- Use the pouch only for its intended purpose; avoid overloading it with excessive weight.
- When attaching the pouch to your plate carrier, ensure that it is securely fastened to prevent accidental detachment.
- Be cautious when accessing items from the pouch, especially if it contains explosive materials or sensitive equipment.
- If you notice any damage or malfunction, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

1. Installation

- Locate the bottom of your Spiritus Systems LV/119 Plate Carrier.
- Align the LUNCHBOX POUCH MK2 with the attachment points on the carrier.
- Secure the pouch using the provided hook and loop fasteners, ensuring a tight fit.
- Adjust the two elastic loops on the bottom of the pouch to hold any necessary equipment, such as a tourniquet.

2. Usage

- Open the half zip design carefully to access the contents.
- Organize equipment using the soft loop Velcro on both sides of the pouch.
- Use the zippered stash pocket for smaller items, ensuring they are secure.
- When not in use, roll up the pouch and secure it using the elastic shock cord loops and toggles.

3. Maintenance

- Clean the pouch with a damp cloth to remove dirt or debris.
- Avoid using harsh chemicals or solvents that may damage the fabric.
- Store the pouch in a protective case when not in use to prolong its lifespan.

Disposal Instructions

- Dispose of the LUNCHBOX POUCH MK2 in accordance with local regulations.
- If the pouch is damaged beyond repair, consider recycling the materials where possible.
- Do not incinerate the pouch, as it may release harmful substances.

Contact Information for Further Support

For any inquiries or support related to the LUNCHBOX POUCH MK2, please refer to the official Spiritus Systems website or your local authorized dealer.

By following these guidelines, you can ensure the safe and effective use of your LUNCHBOX POUCH MK2. Thank you for your attention to safety, and we wish you a successful experience with your product.
