[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

Wontons The WONTON is the first product that Spiritus Systems has developed under their "Vehicle/Mobility" product segment. Mobility and organization is key to successful planning and execution of both Tactical Military Operations as well as Adventuring. The Wontons were developed specifically to organize all of your things. Design The WONTONS are built with a mesh material which keeps them lightweight and allows items to rapidly dry. The bags were not meant to be waterproof, there were built to organize items within larger deployment profiles such as vehicles or kit bags. The diagonal zipper allows the pouch to be opened up while remaining relatively flat and easy to access. A single 3/4" webbing loop is provided so the user can hang the pouch with a carabiner and to assist with zipping and unzipping the pouch. Two Zipper pulls are provided for redundancy, even if one fails, you can always zip it closed with the other. These things will last a lifetime. Use Case WONTONS were designed to organize your life. They can be used to organize vehicle kit or deployment kit bags. Their uses are almost endless. S M A L L - (6" W x 12" L) Small WONTONS work well for stowing smaller items such as batteries, cables or other small sensitive equipment. They fit well in places like the door pockets of vehicles and in day packs or carry on luggage. M E D I U M - (12" W x 12" L) Medium WONTONS work well for securing items like clothing or climbing equipment. Medium WONTONS are the go to for organizing duffle bags and tote boxes with all of your deployable kit. L A R G E - (16" W x 16" L) Large WONTONS handle lofty or oversized items well. Everything from high loft jackets to vehicle recovery equipment fit well inside these pouches. Note: This product may be shown with optional accessories. Made in the USA

## Safety Instruction Guide

### Introduction

Thank you for choosing the WONTONS SPIRITUS SYSTEMS SMALL WONTON BLACK. This guide provides essential safety instructions to ensure the safe use of this product. The WONTONS are designed to help you organize your gear effectively while maintaining mobility. Please read this guide carefully to understand how to use and care for your WONTONS safely.

### General Safety Guidelines

- Ensure that the WONTONS are used only for their intended purpose, which is to organize personal items and equipment.
- Regularly inspect the WONTONS for any signs of wear or damage. If any damage is found, discontinue use immediately.
- Keep the WONTONS out of reach of small children to prevent potential choking hazards from small items stored inside.
- Avoid overloading the WONTONS beyond their intended capacity to prevent tearing or zipping issues.
- If using the WONTONS in a vehicle, ensure they are secured to prevent them from becoming projectiles in the event of sudden stops or accidents.

### Specific Safety Precautions for Use

- Do not expose the WONTONS to extreme heat or open flames as this may damage the material.
- Avoid using sharp objects that could puncture or tear the mesh material.
- When zipping and unzipping the pouches, ensure that no fingers or other body parts are caught in the zipper.
- Be cautious when hanging the WONTONS with a carabiner; ensure that the carabiner is securely attached to avoid accidental drops.
- If the WONTONS become wet, allow them to air dry completely before storing items inside to prevent mold or mildew growth.

### Instructions for Installation and Usage
