

LV-119 FRONT OVERT PLATE BAG - SPIRITUS SYSTEMS LV-119 FRONT OVERT PLATE BAG (X-LARGE) - RANGER GREEN

[Home](#)

NOTE: The LV/119 O V E R T Front Plate Bag requires a Rear Bag and Cumberbund for proper operation. The LV/119 SYSTEM is a group of products that work together to give end-users the ability to scale their equipment to their current needs. The fact that this is a cohesive system means that users can mix and match accessories in most cases. For example: One could take a C O V E R T Front or Rear Plate bag and use it with an O V E R T Front and Rear Plate Bag. Users may also also cross pollinate cummerbunds, shoulder covers, and other parts that will be available. The SYSTEM encompasses many parts, some of which are currently available and some that are in development, such as Back Panels of various types, MOLLE cummerbunds, First Spear TUBES™ integrations, and different placards. The O V E R T shares the same profile as the C O V E R T plate bags but with modifications that make it more suitable for high profile operations. The front bag features a 3 Row / 4 Column MOLLE field that doubles as a 6" x 3" Velcro Field. This may be used to attach End User Devices (EUDs), such as those made by KAGWERKS or Juggernaut Defense. The Velcro may be used to mount placards, patches, and IR identifiers. The MOLLE can also be used to mount administrative pouches, frag grenade pouches, or anything else users may require quick need access to. Every front plate bag comes standard with sewn loops on the sides for attaching First Spear TUBES™ for use with our TUBES™ cummerbund. Placard and Chest Rig Integration. All LV/119 Plate Bags offer placard and chest rig integration via removable 1 Inch ITW NEXUS Buckles. These clips are removable, allowing users to reduce the signature of the plate bag if it is being worn under a cover shirt or being utilized in a low-profile role. Push To Talk Support. Each O V E R T front plate bag comes standard with a PTT/Porkchop Loop on either side. Communication Cable Routing. The Modern Warfighter and Law Enforcement Officer has a radio. To date, the majority of manufacturers have not taken end-user communications needs in to their design considerations - we endeavor to break that paradigm. The O V E R T front bag offers open shoulders to facilitate comms cable routing inside the plate bags and over the shoulders. It also offers small routing points by the 1 Inch ITW NEXUS buckles on the chest - easily accommodating PTT cable routing. Plate Fitment. The carrier was designed to fit United States Standard Issue SAPI cut plates, but it will fit other cuts as well as long as they fit within the specifications listed below. The bags were built to accommodate "thicker" plates, but they will not fit plates do not fall within the measurements listed. Medium -10" x 12.5" Large - 10.25" x 13.25" Extra Large- 11" x 14.00" Thickness - MAXIMUM of 1.20" NOTE: The LV119 Front Plate Bag is part of the LV119 Plate Carrier System. This item does not include a Rear Plate Bag, Cumberbund, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

Safety Instruction Guide for LV119 Front Overt Plate Bag

Introduction

Thank you for choosing the LV119 Front Overt Plate Bag by Spiritus Systems. This guide provides essential safety instructions and usage guidelines to ensure the safe operation and maintenance of your product. Please read this document carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the LV119 Front Overt Plate Bag by following all instructions. This product is designed for nonfood use and incorporates advanced technology.
- **Enhanced Recalls:** Be aware of standardized recall notices. If you receive a recall notice, please follow the instructions provided for safe returns or remedies.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please reach out to the designated EU contact point provided by your retailer.
- **Rapid Alerts:** Stay informed about unsafe products through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Compatibility:** The LV119 Front Overt Plate Bag requires a Rear Bag and Cummerbund for proper function. Ensure you have the appropriate components before use.
- **Plate Fitment:** Only use plates that fit within the specified dimensions: Medium: 10" x 12.5" Large: 10.25" x 13.25" Extra Large: 11" x 14.00" Thickness: Maximum of 1.20"
- **Communication Equipment:** Ensure that communication cables are routed correctly to avoid entanglement or damage.
- **Weight Distribution:** Be mindful of the weight of the equipment attached to the MOLLE fields to maintain balance and comfort during use.
- **Inspection:** Regularly inspect the bag for wear and tear. Replace any damaged components immediately.

Instructions for Installation and Usage

- **Installation:**
 1. Attach the Rear Bag and Cummerbund as per the manufacturer's instructions.
 2. Securely fit the compatible plates into the front and rear bags.
 3. Adjust the cummerbund and shoulder covers for a snug fit.
- **Usage:**
 - To attach accessories, utilize the MOLLE field and Velcro areas.
 - Ensure that PTT (Push To Talk) devices are securely attached and cables are routed through designated channels.
 - For lowprofile operations, remove the 1 Inch ITW NEXUS Buckles to decrease signature.
- **Maintenance:**
 - Clean the bag with a damp cloth and mild detergent. Avoid harsh chemicals that may damage the material.
 - Store the bag in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the LV119 Front Overt Plate Bag in accordance with local regulations.
- If the product is damaged beyond repair, please recycle materials where possible.
- Do not dispose of in regular household waste if it contains electronic components.

Contact Information for Further Support

For any questions or concerns regarding the LV119 Front Overt Plate Bag, please refer to the contact information provided by your retailer.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
