

# NECK TENSION GAGE TOOL - FORSTER PRODUCTS, INC. 22 CALIBER NECK TENSION GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Use the Neck Tension Gage (NTG) as an inspection tool to quickly and accurately screen/sort a batch of brass before your bullet seating operation. The NTG provides reloaders with the information needed to create exacting neck tensions during the bullet seating operation. Use after case neck sizing and before bullet seating to help determine optimal inside neck diameter for consistent release of a bullet from your reloaded rounds. Allows for inspection of the inside diameters of case necks to be sure a "donut" has not formed at the neck-shoulder junction. Available in five calibers, the NTG Neck Tension Gage Inspection Tool consists of four stepped diameters that increase in size until reaching the handle. Each diameter is etched on the metal tool. Simply insert the stepped end of the tool into the neck of your sized case, sliding it in until one of the diameters achieves a slip fit in the case neck. Use the resulting value to fine-tune your case preparation. Kit comes with all 5 calibers.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 22 CALIBER NECK TENSION GAGE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430102655
- Mfr. No.: NTG-224
- Caliber: 22 Caliber (.223-.224)
- Delivery weight: 0.052kg
- Shipping height: 305mm
- Shipping width: 25mm
- Shipping length: 89mm
- UPC: 757253991158

# NECK TENSION GAGE TOOL SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the NECK TENSION GAGE TOOL from Forster Products, Inc. This tool is designed to assist reloaders in measuring and achieving optimal neck tensions during the bullet seating operation. To ensure safe and effective use of the tool, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the Neck Tension Gage Tool in accordance with the manufacturer's instructions.
- Ensure that the tool is used in a welllit area to enhance visibility and accuracy.
- Keep the tool out of reach of children and vulnerable individuals to prevent accidental injury.
- Regularly inspect the tool for any signs of damage or wear. Do not use a damaged tool.
- Report any unsafe conditions or accidents involving the tool to the appropriate authorities.

## Specific Safety Precautions for Use

- Before using the Neck Tension Gage Tool, ensure that the brass cases are properly sized and cleaned.
- Avoid using excessive force when inserting the tool into the case neck to prevent damage to both the tool and the case.
- Do not use the tool for any purpose other than its intended use as an inspection tool for neck tension.
- If you experience any difficulty or resistance while using the tool, stop immediately and assess the situation before proceeding.
- Wear appropriate eye protection while using the tool to protect against any potential debris or accidents.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that you have the appropriate caliber Neck Tension Gage Tool for your brass cases.
- Gather your brass cases that have been sized and are ready for inspection.

### 2. Using the Tool

- Hold the Neck Tension Gage Tool by the handle.
- Insert the stepped end of the tool into the neck of your sized brass case.
- Slide the tool into the neck until one of the diameters achieves a slip fit in the case neck.
- Note the diameter that fits snugly, as this will help you determine the optimal inside neck diameter for consistent bullet release.
- Use the results to finetune your case preparation for improved reloading performance.

### 3. PostUse Care

- After use, clean the tool to remove any debris or residue.
- Store the tool in a safe and dry location, away from children and pets.

## Disposal Instructions

- Dispose of the Neck Tension Gage Tool responsibly at the end of its life cycle.
- Do not dispose of the tool in regular household waste.
- Check local regulations for proper disposal methods for metal tools.

## **Contact Information for Further Support**

For any inquiries regarding the NECK TENSION GAGE TOOL, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website for assistance.

Thank you for prioritizing safety while using the NECK TENSION GAGE TOOL. By following these guidelines, you can ensure a safe and effective reloading experience.
