

# NECK TENSION GAGE TOOL - FORSTER PRODUCTS, INC. 6.5MM/264 CALIBER NECK TENSION GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Use the Neck Tension Gage (NTG) as an inspection tool to quickly and accurately screen/sort a batch of brass before your bullet seating operation. The NTG provides reloaders with the information needed to create exacting neck tensions during the bullet seating operation. Use after case neck sizing and before bullet seating to help determine optimal inside neck diameter for consistent release of a bullet from your reloaded rounds. Allows for inspection of the inside diameters of case necks to be sure a "donut" has not formed at the neck-shoulder junction. Available in five calibers, the NTG Neck Tension Gage Inspection Tool consists of four stepped diameters that increase in size until reaching the handle. Each diameter is etched on the metal tool. Simply insert the stepped end of the tool into the neck of your sized case, sliding it in until one of the diameters achieves a slip fit in the case neck. Use the resulting value to fine-tune your case preparation. Kit comes with all 5 calibers.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6.5MM/264 CALIBER NECK TENSION GAGE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430102657
- Mfr. No.: NTG-264
- Caliber: 264/6.5 mm (.264)
- Delivery weight: 0.052kg
- Shipping height: 305mm
- Shipping width: 25mm
- Shipping length: 89mm
- UPC: 757253991134

# NECK TENSION GAGE TOOL SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the NECK TENSION GAGE TOOL from Forster Products, Inc. This tool is designed to assist reloaders in ensuring precise neck tensions for consistent bullet seating. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the tool is used in accordance with the manufacturer's instructions to prevent accidents.
- Always inspect the tool for any damage or wear before use. Do not use if damaged.
- Keep the tool out of reach of children and vulnerable individuals.
- Be aware of your surroundings while using the tool to avoid injury to yourself or others.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the Neck Tension Gage only for its intended purpose as an inspection tool for case neck tension.
- Avoid using excessive force when inserting the tool into the case neck to prevent damage to both the tool and the case.
- Ensure that the tool is clean and free of debris before each use to maintain accuracy.
- Do not modify the tool or use it for purposes other than its intended use.
- Wear appropriate protective eyewear while using the tool to prevent injury from potential brass shavings or debris.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have the correct caliber of the Neck Tension Gage Tool for your brass.
- Make sure your work area is clean and welllit.

### 2. Using the Tool:

- After sizing your case neck, take the Neck Tension Gage Tool.
- Insert the stepped end of the tool into the neck of your sized case.
- Slide the tool in gently until one of the diameters achieves a slip fit in the case neck.
- Note the diameter that fits snugly, as this will help you determine the optimal inside neck diameter for bullet release.

### 3. PostUse:

- After use, clean the tool to remove any brass residue or debris.
- Store the tool in a safe and dry location, away from children and pets.

## Disposal Instructions

- Dispose of the tool responsibly if it is no longer usable.
- Check local regulations for proper disposal methods of metal tools.
- Do not discard in regular household waste.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of the NECK TENSION GAGE TOOL, please contact the manufacturer directly. Ensure that you have the product details available for reference.

By following these guidelines, you can ensure the safe and effective use of the NECK TENSION GAGE TOOL. Thank you for prioritizing safety in your reloading practices.
