

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 280 ACKLEY IMPROVED FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 280 ACKLEY IMPROVED FULL LENGTH SIZING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430102662
- Mfr. No.: 5522

# Safety Instruction Guide for FULL LENGTH SIZING DIES

## Introduction

Thank you for choosing the Forster Full Length Sizing Dies for your reloading needs. This guide provides important safety information to ensure the safe and effective use of this product. Please read and follow all instructions carefully to minimize risks and enhance your reloading experience.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose: reloading ammunition.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local and national laws regarding ammunition reloading.

## Specific Safety Precautions for Use

- Use the die with cartridges specifically designed for the 280 Ackley Improved caliber.
- Never exceed the maximum recommended loads as indicated in reputable reloading manuals.
- Avoid using the die in wet or damp conditions to prevent rust and ensure proper functionality.
- Ensure that the die is securely fastened to the reloading press before use.
- Do not attempt to modify or repair the die; contact the manufacturer for any issues.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the reloading press is clean and free of debris.
- Carefully screw the Forster Full Length Sizing Die into the press until it is tightly secured.
- Adjust the die to the desired position according to your reloading requirements.

### 2. Usage

- Insert the case into the shell holder of the press.
- Use the EZ Out Expander button to expand the neck of the case, ensuring that it is aligned properly.
- Operate the press smoothly and steadily to avoid any sudden movements that could affect accuracy.
- After sizing, remove the case carefully and inspect it for any defects before proceeding to the next step in the reloading process.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in household waste; check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or support regarding the Forster Full Length Sizing Dies, please refer to the manufacturer's contact information provided with the product packaging or visit their official website.

## Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing Dies. Always prioritize safety and compliance with local regulations to protect yourself and others. Thank you for choosing Forster Products, Inc.
