CHRISTENSEN ARMS .308 CALIBER CARBON FIBER BARREL BLANKS

Christensen Arms carbon fiber gunsmith barrel blanks are crafted using their proprietary layering system and offer superior strength and accuracy while weighing less than a steel barrel of the same contour. The Barrel lining is made from match-grade 416R stainless steel, which is measured to a tolerance of +/- .0001 and then bored, reamed, hand lapped, and button rifled. Includes threaded muzzle and thread protector. Carbon Fiber Barrel Blank weighing less than a steel barrel of the same contour. Barrel lining made from match-grade 416R stainless steel measured to a tolerance of +/- .0001 then bored, reamed and button rifled. Includes threaded muzzle and thread protector. Chamber finishing should only be done by a qualified gunsmith. Weight estimate Blank: .308 20"-26" between 2lb 12oz to 3lb 5oz

Safety Instruction Guide for CARBON FIBER BARREL BLANK CHRISTENSEN ARMS 283 CALIBER 24" 110 TWIST TARGET CONTOUR CARBON FIBER BLANK

Introduction

Thank you for choosing the CARBON FIBER BARREL BLANK by Christensen Arms. This product is designed for precision and performance while ensuring safety during use. This guide provides essential safety instructions and guidelines to help you use the product safely and effectively.

General Safety Guidelines

- Always read and understand the instructions before using the barrel blank.
- Ensure that the product is used only by individuals who are knowledgeable about firearms and gunsmithing.
- Keep the barrel blank out of reach of children and unauthorized users.
- Inspect the barrel blank for any signs of damage before use.
- Always wear appropriate safety gear, including eye protection, when handling and installing the barrel blank.
- Be aware of your surroundings and ensure that you are in a safe environment when using this product.

Specific Safety Precautions for Use

- Handle the barrel blank with care to avoid injury.
- Do not modify the barrel blank in any way that could compromise its integrity or safety.
- Ensure that the barrel blank is securely installed before using the firearm.
- Always follow the manufacturer's guidelines for installation and usage.
- Do not use the barrel blank with ammunition that exceeds the specified caliber.
- Store the barrel blank in a secure location when not in use to prevent unauthorized access.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and safety equipment before starting the installation.
- Ensure that the workspace is clean and free of obstructions.

2. Installation:

- Carefully remove the barrel blank from its packaging.
- Inspect the barrel blank for any defects or damage.
- Align the barrel blank with the receiver of the firearm.
- Use the appropriate tools to secure the barrel blank in place, following the manufacturer's specifications.
- Attach the threaded muzzle and thread protector as needed.

3. Usage:

- Once installed, perform a thorough safety check of the firearm.
- Only use ammunition that is compatible with the specified caliber (30 Caliber / .308).

- Follow standard firearm safety practices during use, including keeping the firearm pointed in a safe direction.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the barrel blank becomes damaged or unusable, contact a qualified firearms dealer for proper disposal methods.
- Do not dispose of the barrel blank in regular household waste.

Contact Information for Further Support

For any inquiries related to safety or product issues, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Thank you for following these safety guidelines. Your safety and the safety of others is our top priority. Enjoy using your CARBON FIBER BARREL BLANK responsibly.
