

# OVERPOWERED MAGAZINE SPRINGS - ATLAS GUNWORKS 2011

## OVERPOWERED MAGAZINE SPRING +15%

[Magazines](#) > [Handgun Magazines](#) > [Magazine Parts](#) > [Magazine Springs](#)

After working tirelessly to find a reliable lockback solution for the double stack platform, Atlas Gunworks finally hit the nail on the head. The Atlas Gunworks Overpowered Spring is the perfect solution when used in conjunction with the Atlas Lockbak Follower, and a lockback slide stop (follower not included). Made to fit 120mm and 126mm. Available in both +15% and +18%, the 15% works best with 120mm/126mm magazines, while the 18% spring works best with 126mm/140mm magazines.

# Safety Instruction Guide for OVERPOWERED MAGAZINE SPRINGS

## Introduction

Thank you for choosing the OVERPOWERED MAGAZINE SPRINGS from Atlas Gunworks. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your magazine springs. Please read this document carefully before use to understand how to handle the product safely and effectively.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before handling or installing the magazine springs.
- Use the product in accordance with the manufacturer's specifications and guidelines.
- Store the magazine springs in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the magazine springs for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the magazine springs are compatible with your specific firearm model, particularly the 120mm and 126mm sizes.
- Use only the recommended Atlas Lockbak Follower and lockback slide stop for optimal performance.
- Do not exceed the recommended load limit of the magazine springs to avoid potential malfunctions.
- Be cautious when handling the springs, as they are under tension and can cause injury if released suddenly.
- If you experience any issues while using the magazine springs, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded and the area is clear of any obstructions.
- Gather all necessary tools and materials, including the magazine springs and the Atlas Lockbak Follower.

### 2. Installation:

- Remove the existing magazine spring from the magazine.
- Insert the new OVERPOWERED MAGAZINE SPRING into the magazine, ensuring it is seated properly.
- Attach the Atlas Lockbak Follower to the spring according to the manufacturer's instructions.
- Reassemble the magazine and ensure that all components are secured.

### 3. Usage:

- Load the magazine with ammunition as per standard procedures.
- Insert the magazine into the firearm and ensure it locks into place.
- Conduct a function check to ensure the firearm operates correctly with the new magazine spring.

### 4. PostUsage:

- After use, unload the firearm and remove the magazine.

- Inspect the magazine springs for any signs of wear or damage.
- Store the magazine springs safely when not in use.

## **Disposal Instructions**

- Dispose of old or damaged magazine springs in accordance with local regulations.
- Do not dispose of magazine springs in regular household waste.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the OVERPOWERED MAGAZINE SPRINGS, please reach out to the appropriate customer support channels provided by Atlas Gunworks. Ensure that you have your product information ready for a more efficient response.

By following these safety instructions, you can ensure the safe and effective use of your OVERPOWERED MAGAZINE SPRINGS. Thank you for your attention to safety, and enjoy your product responsibly.
