

# OVERPOWERED MAGAZINE SPRINGS - ATLAS GUNWORKS 2011

## OVERPOWERED MAGAZINE SPRING +18%

[Magazines](#) > [Handgun Magazines](#) > [Magazine Parts](#) > [Magazine Springs](#)

After working tirelessly to find a reliable lockback solution for the double stack platform, Atlas Gunworks finally hit the nail on the head. The Atlas Gunworks Overpowered Spring is the perfect solution when used in conjunction with the Atlas Lockbak Follower, and a lockback slide stop (follower not included). Made to fit 120mm and 126mm. Available in both +15% and +18%, the 15% works best with 120mm/126mm magazines, while the 18% spring works best with 126mm/140mm magazines.

# Consumer Safety Instruction Guide for OVERPOWERED MAGAZINE SPRINGS ATLAS GUNWORKS 2011

## Introduction

Thank you for choosing the OVERPOWERED MAGAZINE SPRINGS from Atlas Gunworks. This guide provides essential safety information and instructions for the proper use and installation of your magazine springs. Please read this guide thoroughly to ensure safe usage and compliance with EU safety regulations.

## General Safety Guidelines

- Ensure that all products are used in accordance with the manufacturer's instructions.
- Regularly inspect the magazine springs for wear or damage before each use.
- Store the magazine springs in a safe and dry place, away from children and unauthorized users.
- Do not attempt to modify or alter the magazine springs in any way.
- Always use the magazine springs with compatible magazine types as specified by the manufacturer.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the OVERPOWERED MAGAZINE SPRINGS with the Atlas Lockbak Follower and a compatible lockback slide stop.
- Ensure that the magazine springs are installed correctly to prevent malfunction during use.
- Keep the magazine springs out of reach of children and vulnerable individuals.
- Do not exceed the recommended use parameters; the +18% spring is designed for specific magazine sizes (126mm/140mm).
- Always follow local laws and regulations regarding the use of firearm accessories.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure you have the necessary tools for installation, including a flathead screwdriver and safety glasses.
- Work on a clean and stable surface to avoid losing small parts.

### 2. Installation Steps

- Remove the magazine from the firearm and ensure it is unloaded.
- Carefully disassemble the magazine according to the manufacturer's instructions.
- Remove the old spring and follower from the magazine.
- Insert the Atlas Lockbak Follower into the magazine.
- Place the OVERPOWERED MAGAZINE SPRING into the magazine, ensuring it is seated properly.
- Reassemble the magazine, ensuring that all parts are secure and properly aligned.

### 3. Usage

- Load the magazine with ammunition as per the manufacturer's guidelines.
- Insert the magazine into the firearm and ensure it locks in place.
- Test the functionality of the magazine by cycling the action without ammunition to ensure smooth

operation.

- After use, unload the magazine and clean it according to the maintenance instructions.

## **Disposal Instructions**

- Dispose of any damaged or worn magazine springs responsibly.
- Follow local regulations regarding the disposal of firearm accessories and components.
- Do not throw away magazine springs in regular household waste.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the OVERPOWERED MAGAZINE SPRINGS, please reach out to your local retailer or the manufacturer directly for assistance.

Thank you for your attention to these safety instructions. Your safety and the safe use of your products are our top priority.
