

# MS1 LITE SLINGS - MAGPUL MS1 LITE SLING GRAY

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The MS1 Lite Sling is a compact version of the versatile MS1 rifle sling. Magpul created a custom woven 1" wide single-ply webbing to drastically reduce extra bulk and offer a high-strength, streamlined sling that avoids snagging. The custom weave resists rolling and twisting, keeping the MS1 Lite consistently comfortable while maintaining the no-pill and anti-chafe characteristics that Magpul slings are known for. The smaller size also allows for easier stowage in tight, snag-prone areas such as cases, racks, and weapon safes. Optimized for minimal bulk while maintaining maximum strength, a more compact MS1 slider was designed specifically for this sling. It provides rapid adjustments to either lengthen or shorten the sling with no slipping once it's set, with no tails, loops, or other potential snag hazards. The MS1 Lite allows easy shoulder transitions, rapid adjustability for hands-free rifle carry, and shooting support from various positions. The MS1 Lite is ideal for lightweight or smaller-form firearms. The MS1 system also has a series of adapters that are sold separately and based on the MS3® and MS4® slings. By adding the appropriate adapter for the sling (such as our Paraclip™, QDM, or QD Sling Swivel), you can easily configure your MS1 for your fit and carry needs. Even with the MS1 Lite's smaller size, Magpul made sure it performs just as well as its larger predecessors. They put it through the same rigorous controlled lab and field tests to ensure it can stand up to the wet, dry, and sandy conditions you encounter when hunting, working, at the range, and everywhere in between. Made in the USA Lightweight with minimal bulk to stow easily Custom anti-chafe, 1" wide, single-ply webbing minimizes rolling and twisting Custom 1" Slider minimizes size and maintains strength Lightweight yet durable hardware made of heavy-duty polymer

## Attributes

- Name: [MAGPUL MS1 LITE SLING GRAY](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 430104300
- Mfr. No.: MAG1312-GRY
- Colour: Gray
- Material: Nylon
- Style: 2-point Sling
- Width: 1"
- Delivery weight: 0.082kg
- Shipping height: 38mm
- Shipping width: 114mm
- Shipping length: 445mm
- UPC: 840815143673

# MS1 LITE SLING SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the MS1 Lite Sling by Magpul. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your sling. Please read this manual carefully before use and keep it for future reference.

## General Safety Guidelines

- Ensure that the sling is used only for its intended purpose, which is to securely carry firearms.
- Regularly inspect the sling for any signs of wear or damage before each use. If any damage is detected, discontinue use immediately.
- Keep the sling out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm safety and carrying methods.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times when using the sling.

## Specific Safety Precautions for Use

- Always ensure that the sling is properly adjusted to fit your body and the firearm securely.
- Avoid using the sling in wet or muddy conditions unless it is necessary, as this may affect its performance and durability.
- Do not overload the sling with excessive weight or attach items that could cause imbalance or instability while carrying.
- When transitioning the sling from shoulder to shoulder, ensure that the firearm is pointed in a safe direction.
- Be cautious when using the sling in tight or confined spaces to prevent snagging or entanglement.

## Instructions for Installation and Usage

### 1. Installation:

- Attach the sling to the firearm according to the manufacturer's instructions. Ensure that all connections are secure.
- If using adapters (such as Paraclip™, QDM, or QD Sling Swivel), follow the specific installation instructions provided with these accessories.

### 2. Adjusting the Sling:

- To adjust the length of the sling, pull on the slider to either lengthen or shorten the sling as needed.
- Ensure that the adjustments are secure and that there is no slipping once the desired length is set.

### 3. Using the Sling:

- Place the sling over your shoulder and adjust it for comfort and ease of access to the firearm.
- For handsfree carry, ensure that the firearm is secured and that the sling is properly adjusted to prevent movement.
- When transitioning to shooting positions, ensure that the sling does not obstruct your movement or aim.

## **Disposal Instructions**

- Dispose of the sling responsibly in accordance with local regulations.
- If the sling is damaged beyond repair, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the MS1 Lite Sling, please contact the manufacturer directly through their official channels.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your MS1 Lite Sling. Thank you for your attention to safety.
