DISCLAIMER: Due to numerous factors that take place during the anodization process, the color lines from batch to batch of a certain product may vary

Threaded holes located on EMP are anodizing blind holes and may not be completely covered with coating **WARNING: DO NOT OVERTIGHTEN** set screw when installing the aluminum locking plate. If you are unsure, please contact our customer support team or consult with your local gunsmith. SI aluminum EMP was intentionally designed to be a tight fit and can damage the polymer magazine body base ears. Must be installed by a certified gunsmith only. Use of small c-clamp (or similar tool) to gently and lightly squeeze the bottom middle of the magazine body just above the plastic locking ears where the SI aluminum EMP attaches to the magazine. Just enough so the SI aluminum EMP will slide in or out. Be careful not to bend the OEM magazine body metal liner and remove the c-clamp (or similar tool) as soon as the SI aluminum EMP is installed or removed. C-clamp or similar tool may mar/scratch magazine body surface. Please be careful and use a material to protect the magazine body surface. **DISCLAIMER:** -This product is not manufactured, authorized,

# Safety Instruction Guide for Strike Industries Aluminum Extended Magazine Plate for GLOCK® G17 (9MM)

## Introduction

Thank you for choosing the Strike Industries Aluminum Extended Magazine Plate (EMP) for your GLOCK® G17 (9mm) / G22 (.40 cal). This product is designed to enhance your magazine capacity while ensuring a smooth reloading experience. To ensure safe usage and compliance with EU safety regulations, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the product is used only with compatible GLOCK® magazines.
- Always handle firearms and ammunition with care and follow all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the magazine plate for wear or damage.
- If you notice any defects or irregularities, discontinue use immediately.
- Be aware of local laws and regulations regarding firearm accessories.

## Specific Safety Precautions for Use

- **Installation Warning:** Do not overtighten the set screw when installing the aluminum locking plate. Overtightening may damage the magazine or the locking mechanism.
- **Professional Installation:** It is recommended that installation be performed by a certified gunsmith to avoid damaging the magazine body.
- **Use of Tools:** When installing, use a small cclamp or similar tool to gently squeeze the bottom middle of the magazine body just above the plastic locking ears. This will assist in the installation of the EMP.
- **Surface Protection:** Use a protective material to prevent scratches or damage to the magazine body surface during installation.
- **Compatibility Check:** Ensure that the EMP is compatible with your specific GLOCK® model before use. This product is not compatible with 10round magazines or ETS magazines.
- **California Proposition 65 Warning:** This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, please refer to the appropriate resources.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the magazine is unloaded and the firearm is in a safe condition.
- Gather the necessary tools: hex tool (2mm), small cclamp (or similar tool), and a protective material.

### 2. Installation:

- Place the magazine on a stable surface.
- Use the cclamp to gently squeeze the bottom middle of the magazine body above the locking ears to create space for the EMP.
- Align the EMP with the magazine and gently slide it into place.
- Once the EMP is in position, use the hex tool to install the aluminum locking plate set screw (M3x8mm). Ensure it is snug, but do not overtighten.

- Remove the cclamp as soon as the EMP is securely installed.

### **3. Usage:**

- Load the magazine with the appropriate ammunition (up to +5 rounds for 9mm or +4 rounds for .40 cal).
- Insert the magazine into your GLOCK® firearm and ensure it is securely locked in place.
- Follow standard firearm safety practices when handling and firing your weapon.

### **4. Maintenance:**

- Regularly inspect the EMP and magazine for any signs of wear or damage.
- Clean the magazine and EMP as needed to ensure smooth operation.

## **Disposal Instructions**

- Dispose of this product in accordance with local regulations regarding metal and plastic waste.
- Do not dispose of the product in regular household waste.
- If you are unsure about disposal methods, consult local waste management authorities.

## **Contact Information for Further Support**

For any inquiries, concerns, or further assistance regarding the Strike Industries Aluminum Extended Magazine Plate, please refer to the manufacturer's website or contact their customer support team directly.

By following these guidelines and instructions, you can ensure the safe and effective use of your Strike Industries Aluminum Extended Magazine Plate. Thank you for prioritizing safety and compliance with EU regulations.
