[Magazines](#) > [Handgun Magazines](#) > [Magazine Parts](#) > [Magazine Extension](#)

The Strike Industries Aluminum Extended Magazine Plate for GLOCK™ G19 (9mm) was designed to provide smoother magazine reloading through a slow drag / no snag design while maintaining maximum magazine capacity. Machined from 6061-T6 aluminum, this Extended Magazine Plate (EMP) adds plus 5 9mm rounds to OEM double stack GLOCK™ G19 magazines. Following the success of our EMP systems for pistols, the form factor and unique geometric design gives a unified and aggressive aesthetic look to your GLOCK™ G19. Included is an aluminum plate which adds extra locking security. Give your GLOCK™ pistol the extra rounds it deserves with the Strike Industries Aluminum Extended Magazine Plate (EMP) for GLOCK™ G19 (9mm). **WARNING: DO NOT OVERTIGHTEN** set screw when installing the aluminum locking plate. If you are unsure, please contact our customer support team or consult with your local gunsmith. Package Contents: x1 Aluminum Extended Magazine Plate for GLOCK™ G19 x1 Extended length spring x1 Aluminum locking plate x1 Aluminum locking plate set screw (M3x8mm) x1 Hex tool x1 Warning card Product Features: Machined from 6061-T6 aluminum Plus 5 round capacity for 9mm Includes aluminum locking plate Low drag / no snag design Fits USPSA 140mm race division limit Available in anodized SI BLACKLINE, REDLINE or FDELINE colors COMPATIBILITY: GLOCK™ factory OEM G19 (9mm) double stack magazines SI EMP Pocket Clip Magwell: tested to work with SI magwells NOT COMPATIBLE: G23 (.40 Cal) 10-round magazines ETS Magazines NOTE: Not for sale to California, Hawaii, New York and New Jersey residents due to 10-round state laws. The checkout process will show NO shipping method available. It is the responsibility of the customer to know and abide with local gun laws. **DISCLAIMER:** Due to numerous factors that take place during the anodization process, the color lines from batch to batch of a certain product may vary Threaded holes located on EMP are anodizing blind holes and may not be completely covered with coating **WARNING: DO NOT OVERTIGHTEN** set screw when installing the aluminum locking plate. If you are unsure, please contact our customer support team or consult with your local gunsmith. SI aluminum EMP was intentionally designed to be a tight fit and can damage the polymer magazine body base ears. Must be installed by a certified gunsmith only. Use of small c-clamp (or similar tool) to gently and lightly squeeze the bottom middle of the magazine body just above the plastic locking ears where the SI aluminum EMP attaches to the magazine. Just enough so the SI aluminum EMP will slide in or out. Be careful not to bend the OEM magazine body metal liner and remove the c-clamp (or similar tool) as soon as the SI aluminum EMP is installed or removed. C-clamp or similar tool may mar/scratch magazine body surface. Please be careful and use a material to protect the magazine body surface. **DISCLAIMER:** -This product is not manufactured, authorized, endorsed, or warranted by GLOCK. # Safety Instruction Guide for Strike Industries Aluminum Extended Magazine Plate for GLOCK® G19 (9mm)

## Introduction

Thank you for purchasing the Strike Industries Aluminum Extended Magazine Plate (EMP) for GLOCK® G19 (9mm). This guide provides essential safety information, installation instructions, and usage precautions to ensure the safe and effective use of this product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the product is compatible with your GLOCK® G19 (9mm) double stack magazines.
- Always handle firearms and magazines with care, following all local laws and regulations.
- Keep the product and magazines out of reach of children and unauthorized users.
- Inspect the magazine plate regularly for signs of wear or damage before use.
- Do not use the product if it appears damaged or does not fit properly.
- Be aware of the potential hazards associated with the use of firearms and accessories.

## Specific Safety Precautions for Use

- **WARNING: DO NOT OVERTIGHTEN** the set screw when installing the aluminum locking plate. Overtightening may cause damage.
- The SI aluminum EMP is designed to fit tightly and may damage the polymer magazine body base ears. Installation should only be performed by a certified gunsmith.
- Use a small cclamp or similar tool to gently compress the bottom middle of the magazine body just above the plastic locking ears during installation.
- Remove the cclamp immediately after installation or removal of the SI aluminum EMP to avoid damage.
- Protect the magazine body surface during installation to prevent scratching or marring.
- This product is not compatible with GLOCK® G23 (.40 Cal) 10round magazines or ETS magazines.
- Be aware that this product is not for sale to residents of California, Hawaii, New York, and New Jersey due to state laws regarding magazine capacity.

## Instructions for Installation and Usage

### 1. Gather Required Tools:

- Aluminum locking plate
- M3x8mm set screw
- Hex tool
- Small cclamp (or similar tool)
- Protective material for magazine body

### 2. Installation Steps:

- Ensure the magazine is empty and the firearm is unloaded.
- Use the small cclamp to gently compress the bottom middle of the magazine body just above the plastic locking ears.
- Slide the SI aluminum EMP into position on the magazine.
- Secure the aluminum locking plate using the M3x8mm set screw. Do not overtighten.
- Remove the cclamp gently after the EMP is securely installed.

### 3. Usage:

- The EMP adds an additional 5 rounds to your GLOCK® G19 (9mm) magazine capacity.
- Always ensure that the magazine is properly seated in the firearm before use.
- Regularly check the magazine for proper functioning and signs of wear.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of in regular household waste. Check for recycling options for aluminum materials.
- If the product is damaged or no longer usable, ensure it is disposed of safely to avoid any potential hazards.

## Contact Information for Further Support

For any questions or concerns regarding the Strike Industries Aluminum Extended Magazine Plate, please consult your local gunsmith or contact the manufacturer directly. Ensure you have the product information ready for any inquiries.

## Conclusion

By following these safety instructions and guidelines, you can ensure the safe use and installation of the Strike Industries Aluminum Extended Magazine Plate for GLOCK® G19 (9mm). Always prioritize safety and compliance with local laws when using firearms and accessories. Thank you for your attention to these important safety measures.
