

ADJUSTABLE INCLINATION MOUNT - ERATAC ADJUSTABLE INCLINATION MOUNT FOR 30MM SCOPE, NUT SYSTEM

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

New GEN-2 with lightweight lever or nut system. Up to 7% lighter. Often the range of elevation adjustment of the scope is not adequate to compensate for the bullet drop at long ranges. This scope mount was developed to offset the missing adjustment range of the scope. The inclination of the scope mount can be adjusted individually in steps of 10 from 0 – 70 MOA. The mount and the rifle scope can remain on the rifle. Self-locking thread inserts ensure permanent and stable seating of both bolted connections. Eratac guarantee 100% repeatability and shot strength. The upper and lower part of the mount are securely connected to each other by a screw running across the hand wheel diagonally. The hinge is designed as a solid tapered joint and ensures play-free seating of the components. NEW: The mount is now also supplied with a dial in mrad/MIL. The inclination can be changed in steps of 5 between 0 – 20 mrad/MIL. A Dozen Reasons for ERATAC Mounts: Machined from solid high-grade aluminum Hard anodized, matte black Made acc. to Mil-Spec. Type III Rust-proof components 100% repeatability Immediate return to zero! Tested up to cal. .50 BMG Available in many heights for different weapons and scopes With or without inclination for long-range shooting Rings with UNIVERSAL interface for attaching various tactical accessories Clamping system manufactured acc. to NATO-STANAG 4694, compatible with Mil-Std. 1913 Locking by either safety levers or hexagonal nuts without losable parts 100% made in Germany

Safety Instruction Guide for ADJUSTABLE INCLINATION MOUNT ERATAC

Introduction

Thank you for choosing the ADJUSTABLE INCLINATION MOUNT ERATAC. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the mount.

General Safety Guidelines

- Ensure that the product is used in accordance with the instructions provided in this manual.
- Always inspect the mount for any signs of damage or wear before installation and use.
- This product is designed for adult users. Keep it out of reach of children.
- If you experience any issues or concerns regarding the product, cease use immediately and seek assistance.
- Report any unsafe product conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for the mount to prevent failure.
- Ensure that the mount is securely attached to the rifle scope and rifle before use.
- Avoid modifying the mount or using it in any manner not specified in the instructions.
- Always ensure that the rifle is pointed in a safe direction when adjusting the scope mount.
- Be aware of your surroundings and ensure a clear shooting area when using the rifle equipped with the mount.
- Use protective eyewear when using firearms to protect against potential hazards.

Instructions for Installation and Usage

1. Preparation

- Ensure all components are present and undamaged.
- Gather necessary tools for installation, including a screwdriver and any additional tools specified in the product manual.

2. Installation Steps

- Place the mount on the rifle scope ensuring it aligns properly with the scope's mounting interface.
- Secure the mount using the provided screws or nuts. Ensure that they are tightened adequately but do not overtighten to avoid damage.
- Adjust the inclination of the mount according to your preference, using the adjustment mechanism to set the desired MOA or mrad/MIL.
- Doublecheck all connections to ensure they are secure before use.

3. Usage Instructions

- After installation, check the alignment of the scope through the mount to ensure proper sighting.
- Make any necessary adjustments to the scope settings based on your shooting requirements.
- Maintain the mount by regularly checking for any signs of wear or loosening of screws and nuts.

Disposal Instructions

- Dispose of the product in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste. Look for designated recycling centers that accept metal and electronic components.
- Remove any batteries or electronic components before disposal, if applicable.

Contact Information for Further Support

For any questions or concerns regarding the ADJUSTABLE INCLINATION MOUNT ERATAC, please refer to the manufacturer's customer support resources. You can find assistance through the product's official website or customer service channels.

By following these guidelines, you can ensure a safe and effective experience with your ADJUSTABLE INCLINATION MOUNT ERATAC. Thank you for your attention to safety.
