# Safety Instruction Guide for AK Alpha Series Handguards

## Introduction

Thank you for choosing the AK Alpha Series Handguards by Midwest Industries. This guide provides essential safety information and instructions for the safe use and installation of your new handguard. Please read this guide carefully to ensure safe operation and maintenance.

## General Safety Guidelines

- Ensure that the handguard is compatible with your specific AKM firearm model before installation.
- Always follow proper firearm safety practices when handling your weapon.
- Inspect the handguard for any damage or defects before installation.
- Do not attempt to modify the handguard or the firearm in any way that may compromise safety.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- In case of any malfunction or safety concern, discontinue use immediately and contact a qualified gunsmith.

## Specific Safety Precautions for Use

- **Heat Shield:** The handguard includes a specially designed heat shield. Ensure that it is properly installed to prevent burns during use.
- **Installation:** Follow the installation instructions carefully to avoid improper fitting which could lead to functionality issues.
- **Sling Attachments:** Use only compatible sling attachments at the designated QD points to ensure secure usage.
- **Weight Limits:** Be mindful of the weight capacity of your firearm when adding accessories to the handguard.
- **Fitting:** Slight fitting may be required based on the receiver size and handguard cap position. Consult a professional if unsure.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools for installation, including a torque wrench and appropriate screws.
- Ensure that your firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps:

- Remove the existing handguard from your firearm by unscrewing it from the front handguard cap.
- Align the AK Alpha Series Handguard with the mounting points on your firearm.
- Securely fasten the handguard using the provided screws, ensuring that it is tightly fitted but not overtightened.
- Attach the heat shield according to the manufacturer's instructions.
- Verify that the handguard is securely in place and that there are no loose components.

### 3. Usage:

- After installation, conduct a function check of your firearm to ensure that all components are working correctly.
- Regularly inspect the handguard and its attachments for wear and tear, especially after extensive

use.

## **Disposal Instructions**

- When disposing of the handguard, ensure that it is done in accordance with local regulations regarding electronic waste and metal recycling.
- Do not dispose of the handguard in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding your AK Alpha Series Handguards, please refer to the manufacturer's website or contact their customer support team directly.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
