

AR-15 FULL MASS BOLT CARRIER ASSEMBLY - J P ENTERPRISES BOLT CARRIER, SS

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Parts](#) > [Bolt Carriers](#)

Burnished & Hand Polished For Smooth Operation & Superior Reliability

Custom, stainless steel bolt carrier features a 100% increase in bearing surface for smooth cycling and outstanding reliability. Includes forward assist serration and dust cover notch for tactical duty or any application requiring absolute “no-fail” operation. Expanded, exterior, bearing surfaces are hand polished and ensure precise alignment in upper receiver for less wear. Non-plated carrier bore is roller burnished for low-drag movement. Rear of carrier is designed in the AR-15, semi-auto configuration with longer, mil-spec cocking pad in the front. Five-step QPQ process produces an exceptionally hard, wear-resistant high-lubricity black finish. Comes with steel gas key installed.

Attributes

Safety Instruction Guide for AR15 Full Mass Bolt Carrier Assembly

Introduction

Thank you for purchasing the AR15 Full Mass Bolt Carrier Assembly by J P Enterprises. This product is designed for reliable performance and longevity. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that you are familiar with the AR15 platform and its components before using this product.
- Always treat firearms and their components with respect and caution.
- Store the bolt carrier assembly in a secure location, away from children and unauthorized users.
- Regularly inspect the product for wear and damage before each use.
- Follow all local laws and regulations regarding firearms and their components.

Specific Safety Precautions for Use

- Always wear appropriate protective gear, including safety glasses, when handling the bolt carrier assembly.
- Ensure the firearm is unloaded before installing or handling the bolt carrier assembly.
- Do not modify the bolt carrier assembly in any way; modifications can compromise safety and reliability.
- Be aware of the potential risks associated with the use of firearms, including accidental discharge and misfires.
- Use only compatible parts and accessories designed for the AR15 platform.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is completely unloaded.
- Remove the existing bolt carrier assembly from the upper receiver.
- Carefully insert the new AR15 Full Mass Bolt Carrier Assembly into the upper receiver.
- Ensure that the assembly is seated properly and aligned with the receiver.
- Reinstall any necessary components, such as the charging handle and dust cover, ensuring they function correctly with the new assembly.

2. Usage:

- Conduct a function check to ensure the bolt carrier assembly operates smoothly.
- During operation, regularly check for signs of wear or damage to the bolt carrier assembly.
- Clean and maintain the assembly according to the manufacturer's recommendations to ensure optimal performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous materials and firearms components.
- If the product is damaged or no longer functional, do not attempt to repair it. Instead, follow local guidelines for safe disposal.

Contact Information for Further Support

For further support or inquiries regarding safety, please consult your local firearms dealer or manufacturer. Ensure that you have all relevant information regarding your product and its specifications when seeking assistance.

By following these guidelines, you can ensure the safe and effective use of the AR15 Full Mass Bolt Carrier Assembly. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
