

AR-15 LOW MASS BOLT CARRIER ASSEMBLY - JPBC-3 LOW MASS BOLT CARRIER

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Parts](#) > [Bolt Carriers](#)

Reduces Reciprocating Mass To Soften Recoil

Lightweight, stainless steel bolt carrier has significantly lower reciprocating mass than a standard mil-spec carrier for softer recoil impulse on competition rifles. Helps limit felt recoil to get you back on target for fast follow-up shots. Lightening cuts reduce weight without sacrificing strength, and the forward assist serrations have been omitted for competition use. Extra-wide carrier rails have extra bearing surface to improve bolt alignment and reduce wear. Comes with carrier key installed and staked, and features a dust cover notch. For best performance and to minimize impact wear, use only in rifles with J.P. Low-Mass Recoil Buffer, Speed Hammer, and Reduced-Power Spring Kit, all available separately

Attributes

- Name: [JPBC-3 LOW MASS BOLT CARRIER](#)
- Manufacturer: [J P ENTERPRISES](#)
- Product no.: 452000039
- Mfr. No.: JPBC3
- Cartridge: 223 Remington
- Finish: Black
- Make: AR-15
- Delivery weight: 0.249kg
- Shipping height: 41mm
- Shipping width: 152mm
- Shipping length: 213mm
- UPC: 812872020563

Safety Instruction Guide for the AR15 Low Mass Bolt Carrier Assembly (JPBC3)

Introduction

Thank you for choosing the AR15 Low Mass Bolt Carrier Assembly (JPBC3). This product is designed to enhance the performance of your competition rifle while minimizing recoil. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure that the firearm is unloaded before handling or installing the bolt carrier assembly.
- Use the bolt carrier assembly only in compatible rifles equipped with the J.P. LowMass Recoil Buffer, Speed Hammer, and ReducedPower Spring Kit.
- Regularly inspect the bolt carrier assembly for signs of wear or damage.
- Store the bolt carrier assembly in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings when using firearms and always adhere to local laws and regulations regarding firearm use.

Specific Safety Precautions for Use

- Do not use the bolt carrier assembly with ammunition types other than .223 Remington.
- Avoid using the assembly in conditions that may compromise its performance, such as extreme temperatures or excessive moisture.
- Ensure that the assembly is properly installed before use to prevent malfunctions.
- Use appropriate eye and ear protection when firing your weapon.
- If you experience any malfunctions or unusual behavior during use, stop firing immediately and inspect the firearm.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing bolt carrier from the rifle.
- Carefully install the AR15 Low Mass Bolt Carrier Assembly by aligning it with the receiver and sliding it into place.
- Ensure that the carrier key is properly staked and secure.
- Check that the assembly operates smoothly by cycling the action a few times without ammunition.

2. Usage:

- Load the rifle with .223 Remington ammunition only.
- Fire the rifle according to your local laws and regulations.
- After use, clean the bolt carrier assembly to maintain performance and longevity.

Disposal Instructions

- Dispose of the bolt carrier assembly in accordance with local regulations regarding firearm parts.
- Do not dispose of the assembly in regular household waste.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any questions or safety inquiries regarding the AR15 Low Mass Bolt Carrier Assembly, please reach out to your retailer or manufacturer. Ensure you have the product details ready for assistance.

By following these guidelines, you can help ensure your safety and the proper functioning of your AR15 Low Mass Bolt Carrier Assembly. Thank you for prioritizing safety in your firearm practices.
