

AR-15/M16 5.56 ENHANCED BOLT ASSEMBLY - J P ENTERPRISES

.223 ENHANCEDBOLT

[Rifle Parts](#) > [Bolt Parts](#) > [Bolts](#)

Designed For Extra-Long Service Life

Complete bolt assembly is precision machined from an ultra-strong steel alloy to last up to 10 times longer than a standard carbon steel bolt, minimizing the risk of bolt failure during a critical engagement. SAE 9310 steel has a tough, ductile inner core highly resistant to stress fracturing, with a hard outer surface that resists galling and wear, to ensure a service life of up to 60,000 rounds. This is the same steel used in the transmission gears of Formula 1 race cars, so it's ideal for high-impact, high-heat applications like sustained full-auto fire. Meticulously machined radiuses on all 90-degree corners on the locking lugs help distribute impact force evenly and further reduce risk of premature wear and cracking. Fully supported extractor face and precise extractor engagement further ensure smooth, reliable cycling. Bolts are available individually, or in a completion group, which includes the bolt, firing pin, cam pin and firing pin retaining pin. Available caliber 223.

Attributes

- Name: [J P ENTERPRISES .223 ENHANCEDBOLT](#)
- Manufacturer: [J P ENTERPRISES](#)
- Product no.: 452000111
- Mfr. No.: JPEB-223
- Cartridge: 300 AAC Blackout, 223 Remington, 5.56 mm NATO
- Finish: Black DLC
- Hand: Right
- Weapon type: AR-15
- Delivery weight: 0.091kg
- Shipping height: 15mm
- Shipping width: 109mm
- Shipping length: 173mm
- UPC: 812872020709

Item details

Made in USA

US export classification: 0A501.c

Safety Instruction Guide for AR15/M16 5.56 Enhanced Bolt Assembly

Introduction

Thank you for choosing the AR15/M16 5.56 Enhanced Bolt Assembly from J P Enterprises. This product has been designed with safety and performance in mind. Please read this safety instruction guide carefully to ensure proper use and maintenance of your bolt assembly.

General Safety Guidelines

- **Product Safety:** This bolt assembly is designed to ensure safe use. It is crucial to follow all safety guidelines to minimize risks associated with its operation.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If a recall is issued, follow the instructions provided for safe return or remedy.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements. Always verify the authenticity of the product.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For safety inquiries, please ensure you have access to an EU-based contact for this product.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper installation or use may lead to bolt failure, resulting in serious injury or damage.
 - Avoid exposure to extreme temperatures that may affect the integrity of the bolt assembly.
- **Avoiding Hazards:**
 - Always ensure the firearm is unloaded before installation or maintenance.
 - Use protective eyewear when handling the bolt assembly.
 - Do not modify or alter the bolt assembly in any way.
 - Regularly inspect the bolt assembly for signs of wear or damage before use.
- **Age-Specific Warnings:**
 - This product is intended for adult use only. It should not be handled by individuals under the age of 18.

Instructions for Installation and Usage

- **Installation Instructions:**
 1. Ensure the firearm is unloaded and pointed in a safe direction.
 2. Remove the existing bolt assembly from the bolt carrier.
 3. Insert the new bolt assembly into the bolt carrier, ensuring that it is properly seated.
 4. Install the firing pin, cam pin, and firing pin retaining pin as per the manufacturer's instructions.
 5. Ensure all components are securely in place before reassembling the firearm.
- **Usage Instructions:**

- Always use the correct caliber ammunition (223 Remington, 5.56 mm NATO, 300 AAC Blackout) for your firearm.
- Follow the manufacturer's guidelines for safe operation of the firearm.
- Maintain a safe distance from others when firing and ensure a proper shooting stance.

Disposal Instructions

- **Disposal of the Product:**

- Dispose of the bolt assembly in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer in use, consult local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the AR15/M16 5.56 Enhanced Bolt Assembly, please reach out to the designated support channels provided with your product.

By following these guidelines, you can ensure a safe and effective experience with your AR15/M16 5.56 Enhanced Bolt Assembly. Thank you for your attention to safety.
