

# 308 AR LOW MASS BOLT CARRIERS - J P ENTERPRISES JP .308 LOW MASS SPECIAL POLISH STAINLESS CARRIER WITH KEY

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Parts](#) > [Bolt Carriers](#)

Reduced-weight bolt/carrier assembly helps tame felt recoil on a JP or DPMS or Remington AR-style .308 rifle (LR-308 pattern only). Carrier features the same type of weight-reducing cuts found on the original JPBC-3 AR-15 bolt carrier to give the same benefits your .308. Wide carrier rails have extra bearing surface to improve bolt alignment and reduce wear. Carrier key is already installed and staked. Available with QPQ or polished stainless finish. See SPECS for the Compatibility Notice.

# Safety Instruction Guide for 308 AR Low Mass Bolt Carriers

## Introduction

Thank you for choosing the 308 AR Low Mass Bolt Carrier from J P Enterprises. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your product. Please read this document carefully before using the bolt carrier.

## General Safety Guidelines

- Ensure that the bolt carrier is compatible with your rifle platform. This product is specifically designed for the DPMS family of AR10 products.
- Always handle firearms and their components with care, following standard safety practices.
- Keep the bolt carrier out of reach of children and vulnerable individuals.
- Regularly inspect the bolt carrier for any signs of wear or damage before each use.
- If you suspect that the bolt carrier is unsafe or defective, do not use it and report it to the relevant authorities.

## Specific Safety Precautions for Use

- Always verify that your firearm is unloaded before installing or handling the bolt carrier.
- Do not mix and match components between different rifle platforms, as this can lead to unsafe configurations.
- Ensure that the carrier key is properly staked and installed before use.
- Use only compatible DPMSpattern bolts, firing pins, and cam pins with this bolt carrier.
- Avoid using this bolt carrier with any other platforms, as it may result in malfunctions or safety hazards.
- Be cautious of any modifications or alterations to the bolt carrier, as these can void warranties and create safety risks.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your firearm is completely unloaded.
- Gather all necessary tools and compatible components (DPMSpattern bolt, firing pin, and cam pin).

### 2. Installation

- Carefully insert the bolt carrier into the upper receiver of your rifle.
- Align the bolt carrier with the receiver and ensure it slides smoothly into place.
- Install the DPMSpattern bolt, firing pin, and cam pin according to the manufacturer's instructions.

### 3. Usage

- After installation, conduct a function check to ensure the bolt carrier operates smoothly.
- Always follow the manufacturer's guidelines for operating your rifle safely.
- Regularly clean and maintain the bolt carrier to ensure optimal performance and longevity.

### 4. PostUse

- After use, clean the bolt carrier according to the manufacturer's recommendations.
- Store the bolt carrier in a secure location, away from children and unauthorized users.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw away the bolt carrier in regular household waste. Instead, consider recycling options where available.
- If in doubt, contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions regarding the 308 AR Low Mass Bolt Carrier or for safety inquiries, please refer to the manufacturer's contact details provided with your product packaging.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure the safe and effective use of your 308 AR Low Mass Bolt Carrier. Always prioritize safety and proper handling to enjoy your shooting experience responsibly.
