

308 AR LOW MASS BOLT CARRIERS - J P ENTERPRISES JP .308 LOW MASS BOLT CARRIER WITH QPQ

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Parts](#) > [Bolt Carriers](#)

Reduced-weight bolt/carrier assembly helps tame felt recoil on a JP or DPMS or Remington AR-style .308 rifle (LR-308 pattern only). Carrier features the same type of weight-reducing cuts found on the original JPBC-3 AR-15 bolt carrier to give the same benefits your .308. Wide carrier rails have extra bearing surface to improve bolt alignment and reduce wear. Carrier key is already installed and staked. Available with QPQ or polished stainless finish. See SPECS for the Compatibility Notice.

Attributes

Safety Instruction Guide for 308 AR Low Mass Bolt Carriers

Introduction

Thank you for choosing the 308 AR Low Mass Bolt Carrier from J P Enterprises. This product is designed to enhance the performance of your largeframe .308 rifle while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the product safely.

General Safety Guidelines

- Ensure the product is compatible with your specific rifle model before use.
- Always follow the manufacturer's instructions for installation and operation.
- Inspect the bolt carrier for any signs of damage before use.
- Do not use this product with any noncompatible components or platforms.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Compatibility:** This bolt carrier is compatible only with the DPMS family of AR10 products. Mixing components from different platforms can create unsafe configurations.
- **Installation:** Ensure that the carrier key is properly installed and staked before use.
- **Inspection:** Before each use, inspect the bolt carrier for wear and tear, particularly the carrier rails and weightreducing cuts.
- **Shooting Practices:** When firing, maintain a stable shooting position to help manage recoil effectively.
- **Storage:** Store the bolt carrier in a dry, cool place to prevent rust or damage.

Instructions for Installation and Usage

1. Installation:

- Ensure your rifle is unloaded and pointed in a safe direction.
- Remove the existing bolt carrier from your rifle.
- Insert the 308 AR Low Mass Bolt Carrier into the receiver, ensuring it aligns properly with the bolt and firing pin.
- Secure the carrier key as per the manufacturer's instructions.
- Check that the bolt is properly seated and the carrier operates smoothly.

2. Usage:

- Always wear appropriate safety gear, including eye and ear protection, when operating your rifle.
- Fire only approved ammunition that is compatible with the .308 Winchester specifications.
- After each use, clean the bolt carrier and inspect it for any signs of damage or excessive wear.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm components.
- Do not dispose of the product in regular household waste.
- Contact local recycling facilities for proper disposal options.

Contact Information for Further Support

For any questions or concerns regarding the 308 AR Low Mass Bolt Carrier, please refer to the manufacturer's website or customer service resources for support. Ensure you have your product details on hand for assistance.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation while using this product.
