

1911 XACT FIT BARREL - KART PRECISION BARREL 5" BARREL, .45 ACP FITS W/N

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Achieve A Match Quality Barrel Installation Using Only Hand Tools

Install a precision quality barrel using just four small hand tools. The only fitting required is to adjust lockup with the two raised pads located on either side of the rear locking groove, cut the barrel hood to correct length and fit the bushing to the slide. A national match bushing is pre-fit to the barrel; has oversize O.D. for precise fitting to slide. Bottom lugs are fully finished and the correct length link installed to save hours of work.

Safety Instruction Guide for 1911 XACT FIT BARREL KART PRECISION BARREL 5" BARREL, .45 ACP

Introduction

Thank you for choosing the 1911 XACT FIT BARREL KART PRECISION BARREL. This guide provides essential safety instructions and guidelines to ensure the safe installation and use of your new barrel. Please read this document carefully before proceeding.

General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the area is clear of people and obstructions before installation or use.
- Wear appropriate safety gear, including eye protection and hearing protection.
- Keep the barrel and all firearm components out of reach of children and unauthorized individuals.
- Do not modify the barrel or firearm in any way that could compromise safety.
- Always follow local laws and regulations regarding firearms and accessories.

Specific Safety Precautions for Use

- Ensure that the barrel is compatible with your specific model of the 1911 firearm.
- Inspect the barrel for any visible defects or damage before installation.
- Use only highquality ammunition as specified by the manufacturer.
- Do not attempt to install the barrel if you are unsure of the process; seek assistance from a qualified gunsmith.
- Be aware of the potential hazards associated with improper installation, including misfires and firearm malfunctions.

Instructions for Installation and Usage

1. Preparation:

- Gather the necessary tools: a wrench, a screwdriver, a file, and a cleaning cloth.
- Ensure you are in a welllit and secure area for installation.

2. Installation Steps:

- Remove the slide from your 1911 firearm according to the manufacturer's instructions.
- Carefully remove the old barrel from the slide.
- Insert the 1911 XACT FIT BARREL into the slide.
- Adjust the lockup by using the two raised pads located on either side of the rear locking groove.
- Cut the barrel hood to the correct length as needed.
- Fit the bushing to the slide. The national match bushing is prefit to the barrel and has an oversize O.D. for precise fitting.
- Ensure the bottom lugs are fully finished and that the correct length link is installed.

3. Final Checks:

- Reassemble the slide onto the firearm.
- Perform a function check to ensure that the firearm operates correctly.

- Clean the barrel and surrounding areas to remove any debris or oils before use.

4. Usage:

- Always follow safe shooting practices when using your firearm.
- Regularly inspect the barrel and firearm for signs of wear or damage.
- If you experience any issues during use, cease operation immediately and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the barrel responsibly in accordance with local regulations.
- Do not discard the barrel in regular household waste.
- Contact local authorities or waste disposal services for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the installation or use of your 1911 XACT FIT BARREL, please consult with a qualified gunsmith or contact the manufacturer's support team.

Thank you for your attention and for prioritizing safety. Enjoy your new barrel responsibly!
