Determine Correct Headspace

MANSON PRECISION RIMLESS CARTRIDGE HEADSPACE GAUGES The Manson Precision Rimless Cartridge Headspace Gauges enable gunsmiths and firearm enthusiasts to verify the headspace of rimless cartridges, ensuring firearms are safe to fire. Proper headspace is critical for reliable chambering, ignition, and extraction of cartridges, preventing potential malfunctions or safety hazards. These gauges are essential for chambering new barrels, performing routine maintenance, or evaluating used firearms. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Manson Precision Rimless Cartridge Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Manson Precision Rimless Cartridge Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [MANSON PRECISION 5.45X39MM NO GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [MANSON PRECISION](#)
- Product no.: 513000098
- Mfr. No.: NONE
- Cartridge: 5.45 x 39 mm
- Colour: Steel
- Height: 2"
- Length: 2"
- Material: Steel
- Model Number: 5.45x39mm NO GO
- Style: No Go Gauge
- Weight: 0.2 lbs
- Width: 2"
- Delivery weight: 0.018kg
- Shipping width: 57mm
- Shipping length: 89mm

RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 5.45X39MM NO GO GAUGE HEADSPACE GAUGE STEEL Safety Instruction Guide

Introduction

Thank you for choosing the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 5.45X39MM NO GO GAUGE. This guide provides essential safety instructions to ensure the safe use of this product. Please read and understand all instructions before use to minimize risks and ensure compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the gauge is used only for its intended purpose, which is to measure the headspace of firearms.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Keep the headspace gauge out of reach of children and unauthorized users.
- Regularly inspect the gauge for signs of wear or damage before each use.
- Do not attempt to modify or repair the gauge; contact a qualified professional for any concerns.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always use the NO GO gauge in conjunction with the GO gauge to determine safe chamber depth.
- Ensure that the gauge is compatible with the specific firearm caliber before use.
- Avoid mixing different brands of headspace gauges, as this may lead to inaccurate measurements due to tolerance stacking.
- When using the gauge, ensure the firearm is unloaded and pointed in a safe direction.
- Use proper eye protection when measuring headspace to prevent injury from potential accidents.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe condition.
- Gather the necessary tools and the NO GO gauge.

2. Using the Gauge:

- Insert the GO gauge into the chamber of the firearm. Ensure it fits properly.
- Next, insert the NO GO gauge. It should not fit if the chamber depth is within safe limits. If it fits, this indicates excessive chamber depth, which may render the firearm unsafe to fire.
- Record the results and consult a qualified gunsmith if the NO GO gauge fits.

3. Post Use:

- Clean the gauge after use to remove any debris or contaminants.
- Store the gauge in a safe, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the headspace gauge in accordance with local regulations for metal products.
- If the gauge is damaged or no longer usable, ensure it is disposed of safely to prevent injury.

Contact Information for Further Support

For any inquiries or concerns regarding the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 5.45X39MM NO GO GAUGE, please refer to the product packaging for the appropriate contact information.

Conclusion

By following these safety instructions, you can ensure the safe use of the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 5.45X39MM NO GO GAUGE. Always prioritize safety in all firearmrelated activities and consult professionals when in doubt. Thank you for your attention to these important guidelines.
