Determine Correct Headspace

MANSON PRECISION RIMLESS CARTRIDGE HEADSPACE GAUGES The Manson Precision Rimless Cartridge Headspace Gauges enable gunsmiths and firearm enthusiasts to verify the headspace of rimless cartridges, ensuring firearms are safe to fire. Proper headspace is critical for reliable chambering, ignition, and extraction of cartridges, preventing potential malfunctions or safety hazards. These gauges are essential for chambering new barrels, performing routine maintenance, or evaluating used firearms. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Manson Precision Rimless Cartridge Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Manson Precision Rimless Cartridge Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [MANSON PRECISION 6.5 CREEDMOOR NO GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [MANSON PRECISION](#)
- Product no.: 513000110
- Mfr. No.: NG6.5CR
- Cartridge: 6.5 Creedmoor
- Colour: Steel
- Height: 2"
- Length: 2"
- Material: Steel
- Model Number: 6.5 Creedmoor No Go
- Style: No Go Gauge
- Weight: 0.2 lbs
- Width: 2"
- Delivery weight: 0.034kg
- Shipping height: 13mm
- Shipping width: 51mm
- Shipping length: 95mm

Safety Instruction Guide for RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 6.5 CREEDMOOR NO GO GAUGE

Introduction

Thank you for choosing the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 6.5 CREEDMOOR NO GO GAUGE. This guide provides essential safety information and instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the gauge.

General Safety Guidelines

- Ensure that the headspace gauge is used in accordance with the manufacturer's instructions.
- Always inspect the gauge for any signs of damage before use.
- Store the gauge in a safe, dry place away from children and vulnerable individuals.
- Do not use the gauge if you are unsure about its condition or functionality.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Proper Use:** Only use the gauge for its intended purpose. The NO GO gauge is designed to identify excessive chamber depth and ensure safety.
- **Mixing Brands:** Do not mix different brands of headspace gauges. Use gauges from the same manufacturer to avoid inaccurate readings.
- **Tolerance Stacking:** Be aware that different manufacturers may operate within different tolerance ranges. Stick to one brand within a particular caliber.
- **Personal Safety:** Wear appropriate personal protective equipment (PPE) when handling firearms and related tools.
- **Vulnerable Groups:** Keep the gauge out of reach of children and individuals who may not understand its use.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and in a safe condition before using the gauge.
- Gather all necessary tools and materials before starting.

2. Using the NO GO Gauge:

- Insert the NO GO gauge into the chamber of the firearm.
- Gently attempt to close the bolt. If the bolt does not close fully, the chamber depth is acceptable.
- If the bolt closes completely, this indicates excessive chamber depth and may be unsafe to fire.

3. Care and Maintenance:

- Clean the gauge after each use to prevent rust and wear.
- Store the gauge in its original packaging or a protective case to avoid damage.
- Regularly inspect the gauge for any signs of wear or damage.

Disposal Instructions

- Dispose of the gauge in accordance with local regulations for metal products.
- Do not dispose of the gauge in regular household waste.
- If the gauge is damaged beyond repair, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 6.5 CREEDMOOR NO GO GAUGE, please refer to the contact information provided with your product or consult the manufacturer's website for further assistance.

By following the above guidelines, you can ensure the safe and effective use of your headspace gauge. Always prioritize safety and consult professionals if you have any doubts regarding firearm measurements and safety practices.
