# Safety Instruction Guide for LEWIS LEAD REMOVER

## Introduction

Thank you for choosing the Lewis Lead Remover. This product is designed to effectively remove lead fouling from your pistol's forcing cone, barrel, and chamber, ensuring optimal accuracy. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure the firearm is unloaded and pointed in a safe direction before use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for product recalls and safety updates via the EU Safety Gate platform.
- Report any unsafe product experiences or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the Lewis Lead Remover only as directed in the instructions.
- Wear appropriate safety gear, including gloves and eye protection, to avoid contact with lead and cleaning chemicals.
- Do not use the product on firearms that are not designed for lead removal.
- Avoid inhaling any dust or fumes produced during the cleaning process.
- Ensure proper ventilation in the area where the product is used.

## Instructions for Installation and Usage

### 1. Prepare Your Workspace

- Choose a clean, wellventilated area for cleaning your firearm.
- Gather all necessary tools, including the Lewis Lead Remover Kit components: handle, cone tip, rubber tip, brass patches, and cleaning solution.

### 2. Prepare Your Firearm

- Ensure the firearm is completely unloaded.
- Remove any magazines and check the chamber to confirm it is empty.

### 3. Using the Lewis Lead Remover

- **Attach the Handle:** Secure the handle to the appropriate tip (cone or rubber) based on the area you are cleaning.
- **Insert the Tip:** Gently insert the attached tip into the barrel, ensuring it is positioned correctly.
- **Cleaning Action:** Pull the handle back and forth to scrub the barrel. Use a twisting motion to help dislodge lead deposits.
- **Use with JB Bore Cleaner:** For optimal results, apply JB Bore Cleaner to the brass patches and use them with the Lewis Lead Remover to achieve a leadfree barrel.
- **Inspect the Barrel:** After cleaning, visually inspect the barrel to ensure all lead fouling has been removed.

### 4. After Cleaning

- Wipe down the firearm with a clean cloth to remove any remaining cleaning solution.
- Store the Lewis Lead Remover Kit in a safe place, away from children and pets.

## **Disposal Instructions**

- Dispose of any used brass patches and cleaning materials in accordance with local regulations regarding hazardous waste.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the Lewis Lead Remover, please refer to the customer service section of the manufacturer's website or contact your local distributor.

Thank you for your attention to these safety guidelines. Enjoy using your Lewis Lead Remover while ensuring safety for yourself and others.
