

LEWIS LEAD REMOVER - BROWNELLS LEWIS LEAD REMOVER REPLACEMENT CONE TIP, 9MM/38/357 CAL

[Gun Cleaning & Chemicals](#) > [Patches & Mops](#) > [Lead Remover](#)

Traditional - And Still The Best Mechanical Deleader

Lead fouling can build up in the forcing cone, barrel, and chamber of a pistol, ruining accuracy completely. The Lewis Lead Remover is the single best way to remove all leading easily, plus will not damage the gun in any way. Used and endorsed by the nation's top shooters. Use with J-B Bore Cleaner for the cleanest, lead-free barrel ever!

Safety Instruction Guide for LEWIS LEAD REMOVER BROWNELLS LEWIS LEAD REMOVER 9MM, 38/357 CALIBER CONE TIP

Introduction

Thank you for choosing the Lewis Lead Remover. This product is designed to effectively remove lead fouling from your firearm while ensuring safety and maintaining the integrity of your equipment. Please read this safety instruction guide carefully to ensure safe and effective use.

General Safety Guidelines

- Always handle firearms and cleaning products with care and responsibility.
- Ensure the firearm is unloaded before using the lead remover.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use and cleaning of firearms.
- Regularly check for product recalls or safety updates via the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the Lewis Lead Remover only for its intended purpose of removing lead fouling from firearms.
- Wear protective eyewear and gloves to prevent irritation or injury while using the product.
- Avoid using excessive force when cleaning to prevent damage to the firearm.
- Ensure adequate ventilation when using the product, especially if combined with other cleaning agents.
- Do not use the product on firearms that are not compatible with 38/357 caliber specifications.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary materials: Lewis Lead Remover Kit (handle, cone tip, rubber tip, brass patches) and JB Bore Cleaner.

2. Assembly:

- Attach the cone tip to the handle securely.
- If necessary, use the rubber tip for delicate areas.

3. Application:

- Insert the cone tip into the barrel and gently twist while applying light pressure.
- Use the specially woven brass patches to wipe away lead fouling.
- For best results, use JB Bore Cleaner in conjunction with the lead remover.

4. PostCleaning:

- After cleaning, inspect the barrel for any remaining lead fouling.
- Store the lead remover kit in a safe, dry place away from children.

Disposal Instructions

- Dispose of any used patches and cleaning materials according to local waste disposal regulations.
- Do not dispose of the product or its components in general household waste.
- Consult local guidelines for the safe disposal of cleaning products and materials.

Contact Information for Further Support

For any inquiries regarding the safety or usage of the Lewis Lead Remover, please contact the manufacturer or your local distributor. Ensure you have the product details and any relevant information ready for assistance.

Thank you for following these safety instructions. By adhering to the guidelines provided, you can ensure a safe and effective cleaning process for your firearm.
