# LEWIS LEAD REMOVER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Lewis Lead Remover by Brownells. This product is designed to effectively remove lead fouling from your firearm, ensuring optimal performance and accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the Lewis Lead Remover in accordance with the manufacturer's instructions.
- Ensure the firearm is unloaded before using the lead remover.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product in a wellventilated area to avoid inhaling any lead particles.
- Regularly check for any wear or damage to the components of the lead remover before each use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from any lead particles that may be dislodged during cleaning.
- Use gloves to minimize direct contact with lead and cleaning materials.
- Do not use the lead remover on a firearm that is not designed for .44/.45 caliber ammunition.
- Ensure that the rubber tip is securely attached to avoid any injury during use.
- Avoid using excessive force while cleaning to prevent damage to the firearm or the lead remover.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary components: handle, cone tip, rubber tip, brass patches, and JB Bore Cleaner.

### 2. Installation:

- Attach the cone tip to the handle securely.
- If using the rubber tip, ensure it is fitted correctly on the handle.

### 3. Usage:

- Apply JB Bore Cleaner to the brass patch.
- Insert the cone tip into the forcing cone of the firearm.
- Gently twist and pull the lead remover to dislodge lead fouling.
- Repeat as necessary until the barrel is clean.
- Dispose of used brass patches in accordance with local regulations.

### 4. PostCleaning:

- After cleaning, ensure that no cleaning materials remain in the firearm.
- Store the Lewis Lead Remover in a safe, dry place, out of reach of children.

## Disposal Instructions

- Dispose of used brass patches and any lead residues in accordance with local environmental regulations.

- Do not dispose of lead materials in regular household waste. Instead, contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the use of the Lewis Lead Remover, please refer to the manufacturer's website or contact their support line for assistance. Ensure you have your product details ready for a more efficient response.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Lewis Lead Remover. Thank you for prioritizing safety and performance in your firearm maintenance.
