## A Durable Stand Designed to Handle Most Reloading Presses on the Market

Looking to raise your reloading press off a bench for a better view of what's going on with your reloads? Currently, there's only one stand on the market designed to fit most of today's popular reloading presses, and that's the Lyman Universal Press Stand. The Lyman Universal Press Stand is designed to fit most single-stage, turret and progressive presses on the market, and the stand raises the unit 9.25 inches off the deck of your reloading bench, which saves you from having to hunch over to actuate your press lever. The heightened press also gives reloaders a closer view of what's happening with your reloads, ensuring that they can have a better eye for quality control. Each Lyman Universal Press Stand is made from steel, providing a solid, heavy base for a good press. Though the pre-drilled holes are arranged to fit most presses on the market, the stand also features a blank area that allows for custom-drilled holes for those who have unique presses.

## Attributes

- Name: [LYMAN UNIVERSAL PRESS STAND](#)
- Manufacturer: [LYMAN](#)
- Product no.: 539000176

# Safety Instruction Guide for Lyman Universal Press Stand

## Introduction

Thank you for choosing the Lyman Universal Press Stand. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read and understand all instructions before using the press stand to ensure a safe reloading experience.

## General Safety Guidelines

- Ensure that the press stand is used only for its intended purpose.
- Always follow the manufacturer's instructions for any reloading press you attach to the stand.
- Keep the press stand and surrounding area clean and free from obstructions.
- Regularly inspect the press stand for any signs of wear or damage.
- Store the press stand in a dry location to prevent rust and corrosion.
- Ensure that children and pets are kept at a safe distance while using the press stand.

## Specific Safety Precautions for Use

- When using the press stand, always secure it to the reloading bench to prevent tipping or sliding.
- Avoid overloading the stand with excessive weight beyond its designed capacity.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Do not use the press stand for any purpose other than supporting a reloading press.
- If you notice any instability or unusual movement while using the press stand, immediately stop use and inspect the unit.
- Always ensure that the reloading press is properly mounted and secured to the stand before operation.

## Instructions for Installation and Usage

### 1. Installation:

- Choose a stable and level surface for your reloading bench.
- Position the Lyman Universal Press Stand on the bench, ensuring it is secure and stable.
- Use the predrilled holes to attach your reloading press to the stand. If necessary, utilize the blank area for customdrilled holes.
- Ensure all screws and fasteners are tightened securely.

### 2. Usage:

- Adjust your seating position to ensure you have a comfortable view of the press and your reloading components.
- Operate the reloading press according to the manufacturer's guidelines.
- Always keep your hands and other body parts clear of moving parts during operation.
- After use, clean the press stand and reloading press to remove any debris or residue.

## Disposal Instructions

- When the Lyman Universal Press Stand has reached the end of its life, dispose of it in accordance with local regulations.
- Recycle any metal components where possible.
- Do not dispose of the press stand in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Lyman Universal Press Stand, please refer to the manufacturer's contact information provided with your product or visit the official Lyman website for assistance.

By following these safety guidelines, you can ensure a safe and effective reloading experience with the Lyman Universal Press Stand. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important instructions.
